Acknowledgement

On the completion of this important work, I look backward into the memory lane and try to see how this has been possible. I realized that it has been mainly possible not only because of my input but also due the support from teachers, motivators, admirers and supporters, who contributed directly or indirectly without any self interest. Thus at this point of writing the thesis, I feel that it is my sacred duty to acknowledge the contribution of these open hearted, loving and respected personalities.

I am highly indebted to my research guide Hon. Dr. T. K. Chondhekar, Dept. of Chemistry, Dr. Babasaheb Ambedkar Marathwada University. His ever inspiring guidance, constant encouragement, stimulation discussion, novel ideas and simplicity has enabled me to complete this work. I am thus highly obliged by his kind support and noble virtues, which will be always cherished by me.

I take opportunity to express my sincere gratitude to Dr. C. H. Gill, Head and Dr. M. S. Shingare Ex-Head, Dept. of Chemistry, Dr. Babasaheb Ambedkar Marathwada University for providing the necessary facilities for the research work.

I also extend my sincere thanks to the respected teachers Dr. B. R. Arbad, Dr. R. A. Mane, Mr. S. R. Sonone, Dr. (Mrs.) A. S. Rajbhoj, Dr. S. T. Gaikwad, Dr. S. G. Shankarwar, Dr. M. K. Lande and Dr. B. R. Sathe for the valuable guidance and help during the research work.

I am also thankful to all the non-teaching staff of Chemistry Department of the Dr. Babasaheb Ambedkar Marathwada University for their timely help and co-operation.

My progress in the academic career has been mainly possible due to the Trust, Ahmednagar Jilha Maratha Vidya Prasarak Samaj and its Hon. Trustees. For a long span of time they have always been supportive and a source of encouragement. The President of the Trust, Hon. Mr. V. B. Athare Patil and the Secretary Hon. Mr. G. D. Khandeshe have been the main guiding force. I humbly acknowledge their love and trust in me and thus express my sincere gratitude to them. I am also grateful to Hon. Trustees Mr. R. L. Wagh, Mr. R. H. Dare, Mr. N. B. Zaware Patil, Dr. M. G. Hapase and Mr. M. D. Mulay for their inspiration and support.
Dr. S. S. Rindhe and Prof. M. S. Nimase are also credited for the inspiration to undertake the research. During this period they have rendered all possible help, motivation force, and invaluable support in all areas and have even made some sacrifice for me. I solemnly extend my sincere gratitude to these humble and respected personalities.

I am also highly indebted to Dr. B. H. Zaware, Principal, New Arts, Commerce and Science College, Ahmednagar, Prof. U. R. Thube Vice-Principal and Prof. A. M. Humbe, Head Dept. of Chemistry for their encouragement, approval and for providing necessary facility for research. I express my sincere gratitude to all these personalities.

I am also grateful to Mrs. M. T. Chondhekar, Mr. S. T. Modhave, Dr. K. R. Patil, Mr. S. Wagh, Dr. V. B. Baladhye and Mr. M. D. Mokale who have been kind courteous and ever helpful in different ways. In the course of the research activity the atmosphere in the laboratory was livid, friendly and co-operative. For this I thank my colleagues Dr. Ms. V. R. Patharkar, Ms. S. M. Jadhav and Mr. V. A. Shelke.

Before I end up due consideration needs to be given the family. It has been due to the divine sacrifice of my father Late Radhey, mother Saraswati and brother Udayshankar that I could reach this level. Their dedication, constant counseling and inspiration enabled me to have good schooling and higher education. Their teachings and virtues have always been a continuous source of love, and encouragement. The continuous support of my wife Mandakini, son Abhiraj and daughter Aishwarya in all my ventures and aspirations are also due to for my special thanks.

Last but not the least I also thankful to all my teachers, relatives and friends whose trust, love and admiration has made it possible for me to progress in my career.

(Nandkumar R. Jagtap)
