CHAPTER-I INTRODUCTION

1.1 Introduction .................................................. 1
1.2 Statement of the problem ..................................... 6
1.3 Objectives ...................................................... 7
1.4 Value of the Study ............................................. 8
1.5 Source of Data ............................................... 9
1.6 Methodology ................................................... 12
1.7 Organization of the Thesis ................................... 13

CHAPTER-II PUBLIC-PRIVATE SECTOR EARNINGS DIFFERENTIALS: REVIEW OF LITERATURE

2.1 Introduction .................................................. 15
2.2 Theoretical Issues ............................................ 15
2.2.1 Wage Determination in the Private Sector .............. 15
2.2.2 Wage Determination in the Public Sector ............... 17
2.2.3 Criteria for Public Sector Wage Determination ....... 24
2.2.4 Wage Fixation in India .................................... 26
2.3 Modeling Public Sector Wage Determination: Alternative approach ............................................ 27
2.4 Review of Empirical studies .................................. 30
2.4.1 Wage Equations with Public Sector Dummy Variables .... 32
2.4.2 Separate Wage Equations for Public and Private Sectors ................. 36
CHAPTER-III DISTRIBUTION OF SCIENTIFIC AND TECHNICAL PERSONNEL AND THEIR EARNINGS:
A DESCRIPTIVE ANALYSIS

3.1 Introduction 46
3.2 Structure of The Employed Scientific and Technical Personnel 47
3.2.1 Distribution of Scientific and Technical Manpower by Activity Status 47
3.2.2 Distribution of Scientific and Technical Personnel by Sector of Employment and State 49
3.2.3 Educational Characteristics of the Employed and Technical personnel 49
3.2.4 Distribution of Employed Scientific and Technical Personnel by Occupation 51
3.2.5 Distribution of Employed Scientific and Technical Personnel by Experience and Age 55
3.3 Earnings structure of the Employed Scientific and Technical Personnel 55
3.3.1 Distribution of earnings 55
3.3.2 Earnings by Education and other Traits 59
3.4 Age - Earnings profiles 67
3.5 Experience - Earnings Profile 67
3.6 Present discount value of life time Earnings 72
3.7 Distributionally - Sensitive Measure 75
3.8 Earnings Inequality 76
3.9 Conclusion 81

CHAPTER-IV EARNINGS DIFFERENTIALS BETWEEN PUBLIC AND PRIVATE SECTOR

4.1 Introduction 82
4.2 The Single Equation Method 83
4.3 The Standard Decomposition Technique 83
