ACKNOWLEDGEMENT

I would like to thank my honourable guide, Dr. Pratap Ch. Sarmah, Scientist and Head, Electronics Division, CSIR-NEIST, Jorhat, Assam, for his encouragement, inspiring guidance, valuable suggestions on my research work in every possible way and offering such good research environment to carry out the works.

At the same time I am also grateful to Dr. Atowar Rahman former Head and Professor, Dept. of Physics, Gauhati University, for his valuable supervision, guidance and encouragement at all the steps of my research.

I offer my thanks and gratitude to Dr. P.G. Rao, former Director, CSIR-NEIST, Jorhat, Assam, for his permission to complete this research work in CSIR-NEIST, Jorhat, Assam. I also extend my sincere thanks to other scientists and staff specially members of the Electronics Division, CSIR-NEIST, Jorhat, Assam for their help and support at different levels of my research work.

I would like to gratefully acknowledge the authority of J.B. College, Jorhat, Assam for giving me permission to carry out this work. I express my thanks to all the members of the Physics and Electronics Dept., J.B. College, Jorhat, Assam for their continued moral support and suggestions during my research period. Finally, I am forever indebted to my family members for their help directly or indirectly all throughout this work.

At last, I convey my heartfull thanks to Sumbit Chaliha (Bahona College), Mothura Bora (D.R. College), P. Baruah, Chandan Boruah, Jagat Bora, Khadim Dipen Singh (NEIST, Jorhat), Tapan Kachari (GU), Amir Hussain (GU), Anayara Begum (GU), Rajen Singh (GU) and all other friends and relatives who helped me in their various capacities at various steps of my work.
