ACKNOWLEDGEMENT

I express my deep sense of gratitude and indebtedness to my supervisors Dr. Sandeep Grover, Professor and Chairman, Department of Mechanical Engineering, YMCA University of Science and Technology, Faridabad, India and Dr. Aman Aggarwal, Professor and Director, Guru Prem Sukh Memorial College of Engineering, New Delhi, India for providing unreserved guidance, inspiring discussions and constant supervision throughout this research work. Their timely help, constructive criticism, and conscientious efforts made it possible to improve the quality of my research work.

I am very much grateful to Dr. Ashok Kumar, Ex-Director, YMCA Institute of Engineering (Presently, YMCA University of Science and Technology), Faridabad, India for allowing me to enrol for PhD programme.

I wish to thank Sh. K.L. Ahuja, Head of Machine section, YMCA U.S.T., Faridabad and Sh. Sanjay Yadav, Instructor, CNC lab, YMCA U.S.T. Faridabad, for their valuable help in conducting the experiments on wire EDM. I am also thankful to all the staff members of the Department of Mechanical Engineering, YMCA U.S.T., Faridabad and to all my well wishers for their inspiration and help.

I wish to thank Sh. Mukesh Kumar, Research Scholar in M.D.U., Rohtak, for helping me to analyse specimen using scanning electron microscope (SEM).

My special thanks and gratitude to Dr. Ajai Jain, Associate Professor, Mechanical Engineering Department, National Institute of Technology, Kurukshetra, for his precious guidance and encouragement.

I feel deep sense of gratitude and reverence to my dear parents and sisters for their blessings and endeavour to keep my moral high throughout the period of my work.

I want to express my sincere thanks to all those who directly or indirectly helped me at various stages of this work.

Above all, I express my indebtedness to the “ALMIGHTY” for all His blessing and kindness.

(Kamal Kumar)
