ACKNOWLEDGEMENT

I express my deep sense of gratitude and indebtedness to my supervisor Dr. Sandeep Grover, Professor and Chairman, Department of Mechanical Engineering, YMCA University of Science and Technology, Faridabad, for providing unreserved guidance, inspiring discussions and constant supervision throughout this research work. His timely help, constructive criticism, and conscientious efforts made it possible to improve the quality of my research work. I will carry out his guidance throughout my life.

I am very much grateful to Dr. Ashok Kumar, Ex-Director, YMCA Institute of Engineering (presently, YMCA University of Science & Technology), Faridabad, India for allowing me to enroll for Ph.D. programme.

I wish to thank respondents who helped me by providing their invaluable time in filling the survey.

This thesis would not have been possible without the continuous and unconditional support of my wife, Amrita, and my friends who gave me strength and will to succeed.

I want to express my sincere thanks to all those who directly or indirectly helped me at various stages of this work.

Above all, I express my indebtedness to the “ALMIGHTY” for all His blessing and kindness.
