ACKNOWLEDGEMENT

Research has been called a good business, a necessity, a gamble, a game. It is none of these; It is a state of mind.

-Martin H. Fischer.

It gives me immense pleasure to express my heartfelt gratitude to my guide Dr. S. G. Gupta, who guided and inspired me throughout the course of my research work. I am indebted to him for his constant support, encouragement, expert guidance, constructive criticism and thought provoking discussion. He is the person who inculcated the right scientific temperament in me and without his guidance this study would have not been possible.

I am grateful to Dr. R. R. Deshpande Head, Department of Microbiology, Government Institute of Science, Aurangabad and all the faculty members for their encouragement during my research work. I also extend my sincere thanks to Dr. Markandeya, former Director, Govt. Institute of Science for his support and the entire administrative staff for their cooperation.

I am highly greatful to Dr. Ashok Shettar, Principal, BVB College of Engineering and Technology, Hubli for his constant encouragement and research support. I am also greateful to Prof. B. L. Desai, Vice-Principal, BVBCET for always extending his support. I am thankful to Dr. C. J. Savanurmath and Dr. C. R. Hiremath for their moral support and motivation.

I sincerely acknowledge Dr. Yogesh Shouche of NCCS, Pune for his help in identification of the isolates. My sincere thanks to Dr. V. S. Sangam, Scientist, Bayer Crop Sciences and Dr. Prasanna B. D, Asst Professor, National Institute of Technology, Surathkal for their technical support.

I am grateful to all my fellow colleagues at Biotechnology Department L. R. Patil, V. S. Hombalimath, Anil R. Shet, Dr. B. B. Udapudi, G. B. Tennalli, Deepak Yeraguppi, Mrs. Zabin Bagewadi, Mrs. Savitha Desai, Mrs. Pallavi Patwardhan and Ms Swathi Hegde for their constant support and fruitful discussion during my investigation. I sincerely acknowledge my colleague L.R.Patil who extended his expertise in presenting the kinetic studies. I am also thankful to other technical staff at Biotechnology Department Ramesh,
Basavaraj, Joshi, Mahantesh, Manju, Siddappa, Ramappa, Gadigeppa and my students who helped me in accomplishing this task.

It gives me a great feeling to thank and acknowledge all my research colleagues Pramod Ghogare, Yash Gursahani and Syed Rizwan Ali and at Institute of Science, Aurangabad for their needful help and support. I specially thank and acknowledge my research colleague Asef Mohammed who helped a lot in making the thesis presentable. I would continue to remain forever grateful to all my friends who were associated with me during my research.

I owe my gratitude to my parents and in-laws for their blessings, love and support. I extend my thanks to all my relatives whose well wishes and blessings are always with me. My special thanks to my sisters and brother-in-laws for their moral support. I am thankful to my aunts, uncles, sis-in-laws and co-brothers for their support. I also owe this degree to my wife Dr. Kaveri for her support and my daughter Aditi and son Omkar who made this journey a joy!

Basavaraj S. Hungund
