Acknowledgement

It gives me immense pleasure to express my sincere gratitude to my research supervisor Dr. K.S. Anantha Murthy, Dean & Professor of Geology and Director for Earth & Environment Sciences, and former Chairman of the Dept. of Applied Geology, Kuvempu University, Shankarghatta under whose guidance this work has been carried out. I am greatly benefited by his valuable guidance, suggestions and encouragement throughout the course of this research work.

I am highly thankful to Dr. G. Chandrakantha, Reader and Chairman, Dept. of Applied Geology, Kuvempu University for extending me all the available facilities of the Department and offering valuable encouragement during the course the work.

My thanks are due to Dr. K.N. Chandrashekharappa, Dr. S.A. Ahmed, Dr. Govindaraju, Dr. M. Lingadeveru and Dr. S.L. Arun Kumar of Dept. of Applied Geology, Kuvempu University for their continuous encouragement and support at different stages of this work.

I place on record my sincere gratitude to Prof. K.A. Bulbule, HOD, Chemistry Department, KLE’s, S. Nijalingappa College, Bangalore, for his constant encouragement and moral support all through this work.

I thank the entire team of E-Parisaraa and Surface Chem Finishers, Peenya Bangalore, for their immense help and continuous support for this work and also to make ewaste recycling a reality for the first time in India.

I acknowledge with thanks the contributors such as GTZ, CIM of Germany, EMPA of Switzerland, Green Peace, Toxic Link, SVTC, UNEP, USEPA and such of those work on E-waste reproduced in this thesis.

I thank all my family members for their affection, constant encouragement, support and above all GOD ALMIGHTY for the blessing.
