Declaration by the Candidate ........................................ i  
Declaration by the Guide ............................................. ii  
Acknowledgements ...................................................... iii  
List of Publications .................................................. iv  
Table of Contents ..................................................... vi  
Executive Summary .................................................... xii

## CHAPTER 1: INTRODUCTION ........................................... 1  
1.1 Background of the Study ........................................ 1  
1.2 Banking Sector in India ......................................... 2  
  1.2.1 History of Indian banking .................................. 2  
1.3 Technological Innovations in Indian Banking Sector ......... 5  
  1.3.1 ATM (Automated Teller Machine) ......................... 6  
  1.3.2 Internet Banking ............................................ 7  
  1.3.2.1 Information only systems ............................... 8  
  1.3.2.2 Electronic Information Transfer System ................ 8  
  1.3.2.3 Fully Transactional System ............................. 8  
  1.3.3 Mobile Banking ............................................. 9  
  1.3.3.1 Inter-bank Mobile Payment Service (IMPS) ............. 11  
1.4 Internet Banking and Mobile Banking: Current Trends ....... 11  
1.5 Need for the study ............................................. 12  
1.6 Benefits of the study .......................................... 14  
1.7 Statement of Problem ......................................... 15  
1.8 Variables of the Study ....................................... 15  
1.9 Key Terms used in the Study ................................ 17  
1.10 Objectives of the Study .................................... 18  
1.11 Hypotheses of the Study .................................. 19  
1.12 Limitations of the Study .................................. 27

## CHAPTER 2: LITERATURE REVIEW .................................. 28  
2.1 Introduction .................................................. 28  
2.2 Consumer Adoption in General ............................... 28
2.2.1 Consumer Adoption Process of Technology
2.3 Convergence of Technology and Services
    2.3.1 Services
    2.3.2 Technology in Service Delivery
    2.3.3 Service Pyramid model
    2.3.4 Classification of Technology-Based Service Delivery Options
2.4 Service Quality
2.5 Information Systems (IS) success Model
2.6 E-Service
    2.6.1 E-Service Quality
    2.6.2 Studies related to E-Service
2.7 Internet Banking
    2.7.1 Key Findings from the previous Internet banking E-service quality Studies
2.8 Development of Mobile Banking Paradigm
2.9 Framework for understanding Mobile Banking Adoption
    2.9.1 Theory of Reasoned Action (TRA)
    2.9.2 Theory of Planned Behavior (TPB)
    2.9.3 Innovation Diffusion Theory (IDT)
    2.9.4 Technology Acceptance Model (TAM)
    2.9.5 TAM2 (Venkatesh & Davis, 2000)
    2.9.6 TAM3 (Venkatesh & Bala, 2008)
    2.9.7 Review of TAM and its extensions
    2.9.8 Decomposed Theory of Planned Behavior (DTPB)
    2.9.9 Social Cognitive Theory (SCT)
    2.9.10 Model of PC Utilization (MPCU)
    2.9.11 Motivational Model (MM)
    2.9.12 Unified Theory of Acceptance and Use of Technology (UTAUT)
    2.9.13 Task-Technology Fit Model (TTF)
2.10 Previous Studies on Mobile Banking Adoption
2.11 Gap Analysis

CHAPTER 3: THEORETICAL FRAMEWORK
3.1 Introduction
3.2 Factors affecting Mobile Banking Adoption
3.2.1 Dependent Variable-Behavioral Intention 95
3.2.2 Independent Variables 95
  3.2.2.1 Perceived Ease of use 95
  3.2.2.2 Social Influence 96
  3.2.2.3 Computer Self-Efficacy 96
  3.2.2.4 Perceived Financial Cost 97
  3.2.2.5 Security 97
  3.2.2.6 Trust 98
3.3 Theoretical Model of Consumer Adoption of Mobile Banking 99
3.4 Internet Banking 100
  3.4.1 E-Service Quality of Internet Banking 100
  3.4.2 Customer Satisfaction of Internet Banking 100
  3.4.3 Relationship with E-Service quality and Customer Satisfaction of Internet Banking 101
  3.4.4 Relationship with Customer Satisfaction of Internet Banking and Behavioral Intention to use Mobile Banking 101

CHAPTER 4: RESEARCH METHODOLOGY 103
4.1 Research Design 103
4.2 Research Instrument 104
4.3 Questionnaire Design 104
  4.3.1 Questionnaire Scale 106
  4.3.2 Operationalization of Variables 106
    4.3.2.1 Operationalization of Behavioral Intention 107
    4.3.2.2 Operationalization of Perceived Ease of Use 107
    4.3.2.3 Operationalization of Computer Self-Efficacy 107
    4.3.2.4 Operationalization of Social Influence 108
    4.3.2.5 Operationalization of Perceived Financial Cost 108
    4.3.2.6 Operationalization of Security 108
    4.3.2.7 Operationalization of Trust 109
    4.3.2.8 Operationalization of Service Quality Antecedents 109
      4.3.2.8.1 Operationalization of Access 109
      4.3.2.8.2 Operationalization of Attention 109
      4.3.2.8.3 Operationalization of Web Interface 110
CHAPTER 5: DATA ANALYSIS & FINDINGS OF THE RESEARCH

5.1 Introduction

5.2 Description of the Sample

5.3 Demographic Profile of the Respondents

5.3.1 Gender

5.3.2 Age

5.3.3 Educational Qualification

5.3.4 Employment Status and Profession

5.3.5 Income
5.4 Internet Banking: Insights of the Data
  5.4.1 Gender-wise Distribution of users and non-users of Internet Banking
  5.4.2 Frequency of Internet Banking Usage
  5.4.3 Reasons of Non-Usage of Internet Banking
5.5 Mobile Banking: Insights of the Data
  5.5.1 Mobile Banking Services Usage Pattern
5.6 Descriptive Statistics of Mobile Banking Adoption Scale Constructs
  5.6.1 Dependent Variable - Behavioral Intention (BI)
  5.6.2 Perceived Ease of Use (PEOU)
  5.6.3 Computer Self-Efficacy
  5.6.4 Social Influence (SI)
  5.6.5 Perceived Financial Cost (PFC)
  5.6.6 Trust
  5.6.7 Security
5.7 Reliability and Validity of the Measurement Scales
  5.7.1 Reliability and Validity Measures of Mobile Banking Adoption Scale
    5.7.1.1 Kaiser-Meyer-Olkin (KMO) and Bartlett’s test of sphericity
    5.7.1.2 Trust
    5.7.1.3 Perceived Financial Cost (PFC)
    5.7.1.4 Security
    5.7.1.5 Social Influence (SI)
    5.7.1.6 Perceived Ease of Use (PEOU)
    5.7.1.7 Computer Self-Efficacy
  5.7.2 Reliability and Validity Measures of Internet Banking Service Quality Scale
    5.7.2.1 KMO and Bartlett's Test of Internet Banking Service Quality and Satisfaction Scale
    5.7.2.2 Responsiveness
    5.7.2.3 Perceived Credibility
    5.7.2.4 Efficiency
5.8 Confirmatory Factor Analysis (CFA) of the Internet Banking E-Service Quality Dimensions
5.9 Descriptive Statistics of Internet Banking E-Service Quality and Satisfaction Scale Constructs
  5.9.1 Dependent Variable – Customer Satisfaction
5.9.2 Responsiveness
5.9.3 Efficiency
5.9.4 Perceived Credibility
5.10 Hypotheses Testing
  5.10.1 Confirmatory Factor Analysis (CFA) of the Mobile Banking Adoption Scale
  5.10.2 Structural Model of Mobile Banking Adoption
5.11 Structural Equation Modeling used for Theoretical Model Testing
5.12 Summary of Hypotheses Testing Results
5.13 Findings of the Research
  5.13.1 Factors determining the adoption of mobile banking
  5.13.2 Theoretical model explaining the behavioral intention to use mobile banking in the Indian banking context
  5.13.3 The influence of demographic factors such as gender and age on the adoption of mobile banking services
  5.13.4 Dimensions of e-service quality of internet banking
  5.13.5 Relationship between e-service quality and customer satisfaction of internet banking
  5.13.6 Relationship between internet banking customer satisfaction and intention to use mobile banking
  5.13.7 Reasons for non-use of internet banking

CHAPTER 6: CONCLUSION AND RECOMMENDATIONS  186
  6.1 Theoretical Implications  186
  6.2 Managerial Implications  187
  6.4 Future Research Potential  188
  6.5 Conclusion  189
