Chapter I
INTRODUCTION

1.1 Background of the Problem........................................ 2
1.2 Need and Significance of the Study............................. 8
1.3 Statement of the Problem........................................... 14
1.4 Definition of Key Terms............................................ 15
1.5 Hypotheses of the Study............................................ 16
1.6 Objectives of the Study............................................. 17
1.7 Methodology in Brief................................................. 19
  1.7.1 Research Population and Sample Selected ... 19
  1.7.2 Data Gathering tools used in the study.......... 19
  1.7.3 Statistical procedures employed................ 20
1.8 Scope of the Study.................................................. 20
1.9 Delimitations of the Study....................................... 21
1.10 Organization of the Report...................................... 22

Chapter II
THEORETICAL OVERVIEW

2.1 Inclusive Education .................................................. 25
2.2 Learning Disability and Inclusion............................... 36
2.3 Differentiating Instruction: Responding to the needs of different learners in Inclusive Classrooms.............. 46
2.4 Differentiating the Learning Journey with Inclusive Strategies for Standards-Based Learning that Benefit the Whole Class..................................................... 59
  2.4.1 Harmonizing Differentiating Instruction through Learning Stations........................................ 63
  2.4.2 Sailing into Differentiating Instruction with Tiered Lessons.................................................. 67
Chapter III
REVIEW OF RELATED STUDIES
3.1 Studies Related To Inclusive Education
3.2 Studies Related To Differentiating Instruction
3.3 Studies Related To Learning Stations/Centers
3.4 Studies Related To Tiered Lessons
3.5 Studies Related To Graphic Organizer
3.6 Studies Related To Learning Disability
3.6.1 Studies Related to Self Concept of LD
3.6.2 Studies Related to Achievement Motivation of LD

Chapter IV
METHODOLOGY
4.1 Methodology: A Guideline
4.2 Method Adopted for the Study
4.3 Design Selected
4.4 Variables in the Experiment
4.5 Research Population and Sample Selected
4.6 Phased Implementation of the Investigation
4.7 Data Gathering Tools Used in the Study
4.7.1 Scale of Dispositions and Knowledge & Skills for Inclusion
4.7.2 Screening Schedule for Learning Disability
4.7.3 Checklist for Reading, Writing and Arithmetic Difficulties
4.7.4 Raven’s Matrices for Intelligence
4.7.5 Learning Style Check List
4.7.6 Inclusive Differentiated Instructional Approach (IDIA) Lesson Transcripts
4.7.7 Judgment Schedule for Validating the IDIA Lessons
4.7.8 Existing Activity Method of Instruction (EAMI) Lesson Transcript
4.7.9 Preparation and Standardization of Achievement Test in General Science
4.7.10 Self Concept Scale
4.7.11 Achievement Motivation Scale
4.7.12 Curriculum Based Assessment (CBA)
Chapter V
ANALYSIS AND INTERPRETATION

5.1 Analysis of the Dispositions, Knowledge & Skills of Upper Primary School Teachers towards Inclusion…… 195
  5.1.1 Dispositions towards inclusion of Upper Primary School Teachers in the Inclusive Classrooms……………………………………… 195
  5.1.2 Comparison of Dispositions towards inclusion of General and Special Education Teachers in the Inclusive Classrooms at Upper Primary Level……………………………………… 198
  5.1.3 Knowledge & Skills for Inclusion of Upper Primary School Teachers in the Inclusive Classrooms……………………………………… 202
  5.1.4 Comparison of Knowledge & Skills for Inclusion of General and Special Education Teachers in the Inclusive Classrooms at Upper Primary School Level……………………………………… 204

5.2 Analysis of the Comparative Effectiveness of select IDIA namely, Learning Stations/Centers, Tiered Lessons and Graphic Organizers, over EAMI on Academic Achievement in General science, Self Concept and Achievement Motivation OF Upper Primary Pupils…… 210
  5.2.1 Analysis of the Comparative Effectiveness of select IDIA namely, Learning Stations/Centers, Tiered Lessons and Graphic Organizers, over EAMI on Academic Achievement in General Science of Pupils at Upper Primary Inclusive Class with respect to,
    1) Total sample of Pupils
    2) Ability groups (LD/Struggling, Grade Level and Advanced Pupils)
    3) Learning style (Visual, auditory and Kinesthetic)
    4) Type of Disability (Reading, Writing and Arithmetic Difficulties)……………………………………… 211
5.2.2 Analysis of the Comparative Effectiveness of select IDIA namely, Learning Stations/Centers, Tiered Lessons and Graphic Organizers, over EAMI on Self Concept of Pupils at Upper Primary Inclusive Class with respect to,
   1) Total sample of pupils
   2) LD/Struggling Pupils
   3) Type of Disability such as Reading, Writing and Arithmetic Difficulties

5.2.3 Analysis of the Comparative Effectiveness of select IDIA namely, Learning Stations/Centers, Tiered Lessons and Graphic Organizers, over EAMI on Achievement Motivation of Pupils at Upper Primary Inclusive Class with respect to,
   1) Total sample of pupils
   2) LD/Struggling Pupils
   3) Type of Disability such as Reading, Writing and Arithmetic Disabled

5.3 Analysis of the worthiness of each of the IDIA namely Learning Stations/Centers, Tiered Lessons and Graphic Organizers towards enhancing the Continuous Academic Performance of Different Categories of Pupils with LD by means of Curriculum Based Assessments(CBA)

5.4 Tenability of Hypotheses

5.5 Discussion Based on Findings

Chapter VI
SUMMARY AND CONCLUSIONS

6.1 The study in Retrospect

6.1.1 Statement of the Problem

6.1.2 Variables enacted for the study

6.1.3 Hypotheses of the Study

6.1.4 Objectives of the Study

6.1.5 Methodology in Brief

6.1.6 Data Gathering Tools Used in the Study

6.2 Major Findings and Conclusions

6.2.1 Conclusions arrived at from the analysis of the Dispositions and Knowledge & Skills for
Inclusion of Teachers in the Inclusive Classrooms at Upper Primary School Level...

6.2.2 Conclusions arrived from the Analysis of the effectiveness of select IDIA namely, Learning Stations/Centers, Tiered Lessons and Graphic Organizers, over EAMI on Achievement in General Science, Self Concept and Achievement Motivation of Upper Primary School pupils…………………………………….. 321

6.2.3 Conclusions arrived from the Analysis of the worthiness of each of the IDIA namely Learning Stations/Centers, Tiered Lessons and Graphic Organizers towards enhancing the Continuous Academic Performance of Different Categories of Pupils with LD …………………………… 331

6.3 Summary of Conclusions…………………………………… 332

6.4 Implications of the Study…………………………………… 333

6.5 Limitations of the Study…………………………………… 338

6.6 Suggestions for further Research………………………… 339
