ABBREVIATIONS

BOD - Biochemical oxygen demand
°C - Degree Celsius
DO - Dissolved oxygen
mg/l - Milligrams per liter
ml - Milli liter
cm - Centimeter
NTU - Nephdometer sample tube
TDS - Total dissolved solid
µmho/cm - Micro mho per centimeter
CO₂ - Carbon dioxide
NPP - Net Primary Production
MPN - Most Probable number
EDTA - Ethylene diamine tetra acetic acid.
WHO - World Health Organization.
APHA - American Public Health Association.
