

List of algorithms

| | | |
|------|--|-----|
| 2.1 | Feature extraction by simple bar mask encoder | 16 |
| 2.2 | Moment invariant method of feature extraction | 19 |
| 2.3 | Process of dilation | 22 |
| 2.4 | New hybrid method of feature extraction (combination of process of dilation and simple bar mask encoder) | 23 |
| 3.1 | Feature extraction | 37 |
| 3.2 | Constructing the feedforward neural network | 42 |
| 3.3 | Final decision module of the modular neural network | 43 |
| 4.1 | Noise introduction in document images | 50 |
| 4.2 | Modified feature extraction | 53 |
| 4.3 | Radial basis neural network algorithm | 59 |
| 4.4 | Probabilistic neural network algorithm | 61 |
| 4.5 | Obtaining the best spread value | 64 |
| 5.1 | Text code extraction | 74 |
| 5.2 | Segmentation of lines | 75 |
| 5.3 | Line code extraction | 76 |
| 5.4 | Segmentation of words / characters (script dependent) | 76 |
| 5.5 | Dynamic feature extractor | 78 |
| 6.1 | Standard genetic algorithm | 91 |
| 6.2 | PR - system -2 | 94 |
| 6.3 | GA engine | 98 |
| 6.4 | Fitness function | 99 |
| 6.5 | Converting a selected string (individual) to the subset of selected features | 100 |
| 6.6 | Reproduce | 100 |
| 6.7 | Mate | 101 |
| 6.8 | Crossover | 101 |
| 6.9 | Mutate | 102 |
| 6.10 | BIF engine | 106 |
| 7.1 | GA based nine language script identification system | 117 |
| 7.2 | Spread selector GA engine | 118 |
| 7.3 | Fitness function | 119 |
| 7.4 | Converting a solution string to the spread vector | 120 |
| 7.5 | Genetic-neuro modular classification system | 124 |
| 7.6 | GA engine1 | 125 |
| 7.7 | Fitness function | 126 |
| 7.8 | Decision module of the system | 127 |
| 8.1 | Multi-script document processing system | 139 |
| 9.1 | Kannada character recognition | 154 |
| 9.2 | Main system | 155 |
| 9.3 | Decompose_parts_of_character | 157 |
| 9.4 | Decompose_&_recognize_upper_part | 158 |
| 9.5 | Decompose_&_recognize_subscript | 160 |
| 9.6 | Decompose_&_recognize_horizontal_part | 161 |

| | | |
|------|---------------------------------|-----|
| 9.7 | Recognise_center_part | 162 |
| 9.8 | Reconstruct_&_display_character | 163 |
| 10.1 | Bilingual OCR system algorithm | 170 |
| 10.2 | English OCR system. | 173 |
