ACKNOWLEDGEMENTS

I express my deep sincere gratitude to my teacher and research guide Dr. S. H. Behere, Professor, Department of Physics, Dr.Babasaheb Ambedkar Marathwada University, Aurangabad, for his inspiration, enthusiasm, encouragement and precious help. He acted like a guiding star and showed always the best way to me. He has created research interest in me. Because of his noble guidance and immaculate supervision I could complete the present work.

I take this opportunity to thank to Dr. M. N. Deo, Dr. Madhav Das Saksena and Dr. Mrs. Sunanda Krishnakumar, BARC, Mumbai for their help in recording the FT Spectra.

I am thankful to the Head, of department of Physics Prof. K. M. Jadhav for his encouragement and help in providing all the facilities needed in the department.

I am also thankful to entire teaching and non-teaching staff, Department of Physics, Dr. B. A. M. University, Aurangabad, for their generous help and well wishes.

I wish to thank Dr. Chandrakant Londhe for his help and cooperation during the work. Also the special thanks to Dr. A. R. Khan, Dr. M. I. Iqbal, Dr. Mrs. Pradnya, Mrs. Rizwana, Miss Suchita, Dr. Yusuf Shaikh, Mr. Rajesh chavan, Mr. Bhagwan Deshmukh for their help in various ways.

It gives me immense pleasure to thank Mrs. Rohini Behere madam for her motherly treatment, support, help and encouragement. I am also thankful to Chi. Shardul and Chi. Supriya for their cooperation, help and friendly nature.
I am thankful to all my friends, colleagues and all who directly or indirectly helped me during the course of this work.

Finally, I am grateful to my all family members, my parents, and parents in law, my sisters Seema, Priti, and Sangita Tai for their constant encouragement and help in all aspects during this research work.

I am very thankful to my husband Sanjay for his support and adjustment on family front. Chi. Kshiteej, my son, made my worries go away when I was fully loaded with research work by his playful nature. His adjustment is unimaginable. I thank him heartily.
