Acknowledgement

I hereby express my profound sense of gratitude to my guide Dr. Gopan C., Reader, for his help and valuable suggestions without which this study could never have been carried out.

Sachin read the entire copy and made necessary corrections. I gratefully remember his loving support.

I would like to say a word of thanks to Usha Nangyar, Margi Madhu, Kalamandalam Krishnakumar and C. K. Ramesh Varma for their incessant encouragement.

Shinoj took a fairly great pain in exerting pressure in the office for regularising my fellowship. This was an immense help for me in completing my work within the stipulated time.

I would be unjust to myself if I do not remember with gratitude the help and support given by Abhilash, Anil, Aricat, Sabu, Shyam Sunder, Krishnan, Don, Abi, Vinod, Rajesh, Prasanth and Venu.

Dr. M.B. Manoj and Dr. T.R. Manoj helped me a great deal by offering their valuable time for discussions.

I should remember CMP and KCS for the surprising moments they treasured for me.

I am thanking Veena and Maria for being my patient listeners.

My indebtedness to Achan, Amma, Anichettai, chettai and chechi is too immense to express in words.

I am also grateful to Benny, Jessy and Rincy for the neat execution of Desk Top Publishing work.
