ACKNOWLEDGEMENT

This thesis arose in part out of years of research that has been done since I came to Centre for Neuroscience, CUSAT. By that time, I have worked with a great number of people whose contribution in assorted ways to the research and the making of the thesis deserved special mention. It is a pleasure to convey my gratitude to them all in my humble acknowledgment.

In the first place, I would like to extend my gratitude to Dr. C. S. Paulose, Director, Centre for Neuroscience and Professor, Dept. of Biotechnology, Cochin University of Science & Technology for his supervision, advice and guidance from the very early stage of this research as well as giving me extraordinary experiences throughout the work. Above all and the most needed, he provided me unflinching encouragement and support in various ways. His truly scientist intuition has made him a constant oasis of ideas and passions in science, which exceptionally inspired and enriched my growth as a student, a researcher and a scientist want to be. I am indebted to him more than he knows.

I offer my sincere thanks to Prof. E. Vijayan, UGC-Visiting Scientist, Centre for Neuroscience, Dept. of Biotechnology, Cochin University of Science and Technology and Dr. Oommen V Oommen, Department of Zoology, University of Kerala for their help and encouragement during the period of my research. Also, I wish to extend my gratitude to Dr. Babu Philip, Dept. of Marine Biology, Microbiology and Biochemistry, CUSAT for his help, encouragement and advice.

I would like to acknowledge Dr. Sarita G. Bhat, Dr. Padma Nambisan, Prof. M. Chandrasekaran, faculties of the Department of Biotechnology, CUSAT, and Dr. Elyas K. K, former lecturer of the Department for their advice and support throughout my work.

I take this opportunity to thank Prof. R. Muraleedharan Nair, Dean and Faculty of Science, Cochin University of Science & Technology for his help extended to me.
I thank all the teachers of my school days, graduation and post-graduation for laying my foundations.

I sincerely acknowledge my senior colleagues Dr. Jackson James, Dr. Ani V. Das, Dr. Balarama Kaimal S, Dr. Gireesh G and Dr. Reas Khan for their support and encouragement.

I also thank Mr. Abdul Rasheed A.P. and Mr. Kunjumon for their friendship and love.
I thank the authorities of Amrita Institute of Medical Sciences and Research Centre, Cochin and Animal Breeding Centre, Kerala Agricultural University, Mannuthy for readily providing animals for this work.

This research has been supported and funded by various organizations. I am grateful to Cochin University of Science and Technology for providing me fellowship in the initial period of my research. I would like to extend my sincere thanks to DST, Govt of India for supporting this work with fellowship. I express my gratitude to all the past and present office staff in the Department of Biotechnology for their help and co-operation. I also thank the authorities and staffs of Cochin University of Science and Technology for their help and co-operation. I acknowledge my thanks to staff and students of Sarovar Hostel of the University for their help and cooperation rendered during my stay.

I would not have completed my thesis without the selfless help and encouragement from my dear friends. To my friends, who are the sunshine of my life and believed in my capabilities more than I did. Dr. Ginu Joseph, Ms Tejasree, Mrs Keerthi Rani Augustine, Mr. Shaji M, Mr. Rohit Govindam, Mr Manoj Jagota, Mr Sreejith KM, Mr.Kishore K Menon, Mr. Prabin Kumar, Mr Vikas Gautam, Mr. Amrinder Guleria, Ms Meenakshi Jasrotia, Mr. Lucky Lohia, Thank you all for being there when I needed help. I will never forget the times you have spent to make me lively and cheerful even in the cloudiest of my days

I thank Mr Suresh Babu and Mrs Latha Babu for giving me love and encouragement throughout my doctoral study.

My joy knew no bounds in expressing heartfelt thanks to my beloved Parents. With enduring patience they stood by me during the ups and downs of my life. I can barely find words to express all the wisdom, love and support given to me by my beloved parents, Mr. K. A. Soman and Mrs. Lalitha Soman for their unconditional love, fidelity, endurance and encouragement. I take this moment to express my never ending love and respect towards them for their blessings. I am
deeply indebted to my dear sister, Ms Siju Soman for motivating me in effectively working and accomplishing my goal. I owe my thanks to Tutu for her love and affection. I owe my thanks to my beloved Ms. Sreedevi S for giving me untiring love and support throughout the time.

There may be so many others whom I may have inadvertently left out. I take this opportunity to thank all of them for their help.

My tribute.....to a number of animals who have paid a price with their lives and suffering in the name of human protection. I pay my tribute to their sacrifice and pray that it is not in vain.

In all, the journey to my Ph.D. has been a long and challenging road. And I am thrilled it is done. But most of all, I am excited for what the future holds....
