ACKNOWLEDGEMENTS

I express my sincere thanks and gratitude to my supervisors Prof. (Miss.) Sudesh Gakhar, Department of Education, and Dr. (Mrs.) Sudha Banth, Department of Psychology, Panjab University, Chandigarh, for their expertise and guidance in this research. The deep insight and qualitative guidance I received from them acted as inspiration in steering me towards the successful completion of this work. I cannot visualize completion of the work had their vast academic and profound professional depth been unavailable to me throughout the research work. Thanks and gratitude are weak words which somehow fail to do justice to what I have received from them.

I also thank Dr. (Miss.) Bhandari, Chairperson, Department of Psychology, Panjab University, Chandigarh, for according me administrative assistance whenever I needed it. Special thanks to University Grants Commission for supporting me to do this research. Many thanks to the teaching and non-teaching staffs of the Departments of Psychology and Education, Panjab University, Chandigarh, for providing me necessary help and assistance.
