ACKNOWLEDGEMENT

I would like to express my deep and sincere gratitude to all those who have been instrumental in one way or the other to complete this piece of work. To begin with, I would like to acknowledge the Almighty God who has been the Prime Mover in all my efforts and I bow my head in reverence and humility to Him for the blessings that He constantly showers on me and provided me with immense strength, the spirit, the will and the courage to work in the right direction.

It is a great pleasure for me to express my deep sense of gratitude to my esteemed guide Dr. H. P. Sah, Chairperson, Department of Philosophy, Panjab University, Chandigarh for his invaluable guidance and suggestions and constructive criticism. Working under him was an experience not only because of his deep knowledge but also because of his unbounded patience and deep understanding.
