ACKNOWLEDGEMENT

First and foremost I take immense pleasure to express my sincere and deep sense of gratitude to my supervising guide and mentor, Dr. Sarita G Bhat, for her uphold zest, valuable suggestions, motivation and perfect auspices throughout the course of my doctoral research. I am deeply grateful to her for providing me necessary facilities and excellent supervision to complete this work, I am short of words to express my sincere appreciation for her patience and tolerance throughout this period. Her understanding, encouragement and personal guidance have provided a good basis for the present thesis. I am solemnly indebted to her more than she knows or words can ever convey.

I express my deep sense of gratitude to Prof. (Dr.). M. Chandrasekaran, Professor, Department of Biotechnology, CUSAT, and Dr. Elyas K., former faculty of the Department of Biotechnology for their advice and support throughout my work, I am very thankful to them for the many discussions, valuable advices and suggestions. I express my heartfelt gratitude to Dr. Padma Nambisan, for her valuable suggestions and support as a doctoral committee member throughout my research work.

I would like to acknowledge Prof. (Dr.). C.S. Paulose, Professor, Department of Biotechnology, CUSAT for the valuable suggestions and support throughout my work. I offer my profound gratitude to Dr. E. Vijayan, ICMR Emeritus Professor, for his help and encouragement during the period of my research.

I thank all the teachers of my school days, graduation and post-graduation for laying my foundations. I wish to thank Dr. Babu Philip, Dr. Rosamma Philip and Dr. A.V. Saramma, Department of Marine Biology, Microbiology and Biotechnology, Cochin University of Science and Technology for greatly motivating me in the pursuit of my dreams.

I am thankful to Dr. Thomas Kurian and Dr. Eby Thomas Thachil, faculty members, and Mrs. Anna Dilfi, Mrs. Zeena Hamza and Mrs. Vidya Francis, of Department of Polymer Science and Rubber Technology, CUSAT for their help and support.
I am deeply indebted to Mr. Siju M Varghese and Mrs. Alphonsa Vijaya Joseph for lending me a helping hand in times of need and being on my side at all times, which gave me strength and courage to move on and successfully accomplish this piece of work, and for their valuable suggestions and corrections during the proof reading of the manuscript. My special thanks to my friends Mrs. Jeena Augustine and Mrs. Smitha S for their unconditional help, support and care. I remember with affection and gratitude the jovial and wonderful moments shared with my friends Mrs. Helvin Vincent, Mrs. Linda Louis, Ms. Mridula, Ms. Haristree Nair and Mr. Noble Kurian S of MGL. I thank them all for the affection, love, friendship, help and support showered on me. The great friendship, experiences and thoughts we shared are more valuable in my future endeavours. I sincerely acknowledge my senior colleagues Dr. Bernard, Dr. Manjusha and Dr. Archana Kishore for their support in my research work.

My heartfelt thanks to my senior colleagues of Microbial Technology Lab, Dr. Soorej M Basheer, Dr. Jissa G Krishnan and Dr. Beena for their valuable suggestions, encouragement and unconditional help offered during the initial stage of my research period. I thank Mrs. Manjula P, Mr. Sajan, Mrs. Roseline Alex, Mr. Doles, Mr. Sijo, Mr. Ajith M Thomas, Dr. Madhu, Dr. Jasmin and Dr. Lailaja of Microbial Technology Lab for their help and support. Special thanks to Mr. P. Karthikeyan and Mr. Cikesh P. C. for their love, help and consideration.

I thankfully remember the members of Immunotechnology lab, Mr. Manzur Ali P. P., Mrs. Sapna K., and Mrs. Rekha Mol K.R, for their support and affection. I like to thank Mr. Satheesh Kumar M. K., Ms. Jasmine Koshy, Ms. Aneeta, Ms. Jikku Jose, Ms. Sudha Hariharan, Ms. Soumya, Ms. Thresia Reginol T. I wish to thank all my friends of Neuroscience Laboratory especially Mr. Smijin Soman, Mr. Kora P Kuruvila, Mr. Jayanarayan, Dr. Peeyush Kumar, Dr. Jes Paul, Dr. Jobin Mathew, Ms. Shilpa, Ms. Roshini, Ms. Chinthu, Ms. Anita and Dr. Anju T.R., for their friendship, help and support. I thankfully remember the seniors of Neuro Lab, especially Dr. Benoy Joseph for supporting me in the initial research period and for sharing his room with me.

I acknowledge Department of Ocean Development (Ministry of Earth Science, Govt. of India) and SC ST Development Department, Govt. of Kerala, for providing me financial support.
for my research. I thank all the present and past office staff of our department for their timely help and co-operation. My special thanks to the authorities and staff of Cochin University of Science & Technology for their help and co-operation.

My joy knows no bounds in expressing my heartfelt thanks to my beloved parents, sisters and all other family members. They have been selfless in giving me the best of every thing and I express my deep gratitude for their love without which this work would not have been completed. I am deeply indebted to them for motivating me in effectively working and accomplishing my goal. I acknowledge all my dear relatives for their assurance and good-will in every way.

It would not have been possible to write this doctoral thesis without the help and support of the kind people around me, to only some of whom it is possible to give particular mention here. It was a memorable life with all the exuberant souls under the roof of Sarovar hostel and I thank all my warmhearted friends of Sarovar hostel and the entire University for their help, support and encouragement throughout my research work. It is my stupendous joy to thank all my loving pals from my School, UG and PG. I would like to thank everybody who stood by me for the realization of this thesis.

Last, but not the least, I am grateful to the Almighty God for the grace and benevolence bestowed on me, throughout my life and to complete this doctoral research work.
