Acknowledgements

I offer my humble obeisance to Almighty for blessing me with courage, strength and mental tenacity to accomplish this endeavor.

It gives me immense pleasure to express my sincere thanks and cordial regards to my esteemed supervisor Dr. Sushil Kumar Tomar, Professor, Department of Mathematics, Panjab University, Chandigarh. I gratefully acknowledge for his academic guidance, willing cooperation and also for his unfailing and timely support throughout this work.

I express my deepest gratitude to my loving parents and husband whose moral support and blessings have always been and will remain a source of constant encouragement for me.

I am thankful to Professor A. K. Bhandari, Chairperson, Department of Mathematics, Panjab University, Chandigarh and Professor Madhu Raka, former Chairperson for providing me the necessary facilities during the course of my research work.

Thanks are also due to Dr. Monika Randhawa, Lecturer, University Institute of Engineering and Technology, Panjab University, Chandigarh for helping me with certain concepts and giving valuable advice on the preliminary draft of the introduction to this thesis.

Special thanks are to my sister, brother, brothers in law and sister in law for their support.

I am thankful to all the staff members of the Department of Mathematics for their cooperation and assistance in the completion of my research work.

I deeply acknowledge the financial assistance by CSIR, India in the form of research fellowship.
