ACKNOWLEDGEMENTS

It gives me a great pleasure to take this opportunity to express my deepest sense of gratitude to my supervisor and guide Dr. (Mrs.) Latika Sharma, for her able guidance, invaluable suggestions, and constructive criticisms from time to time. She gave me full liberty to encroach upon her precious time even to her great inconvenience. Infact, she is one who rekindles in me to traverse the untapped paths. Without her constant encouragement and moral support, this work, I must confess, would not have been able to see the light of prosperous day.

I take the opportunity to express my sincere thanks to Dr. S.C. Gakhar, Chairperson, Department of Education, Panjab University for his kindness and moral support. I also pay my sincere thanks to all other faculty members, especially Dr. Raj Gupta and Dr. Nandita Shukla for their valuable help in completing this study.

I acknowledge my indebtedness to the Principals of the B.Ed. colleges who helped me in collecting the relevant data for this study.

I also pay thanks to all those authors whose works have been consulted or quoted every often in the presentation of this research work.

I am thankful to Dr. Sukhbir Kaur, Warden, Lakshmi Bai Hall for her kind consideration for accommodating me in the hostel for the completion of the study.

I also thank Mr. Sanjay Tanwar who help me carrying out the statistical analysis of the data for this study.

I also owe my unfailing respect to my parents who have always been a source of help to me and thanks to my brothers Rajinder and Amardeep.

Warm thanks are also due to my friends Ramesh, Reeta, Meekankshi, Kavita, Dhana and Vijay Lakshmi without whose
assistance, cooperation and encouragement this project could not have been completed.

I bow before Almighty for giving me energy and strength to complete this research project.
