ACKNOWLEDGEMENT

There are always moments when you look back in time, recall and reminisce things about past. Writing this acknowledgement is one of those very few moments, when I fondly look back and feel gratitude towards the people whose unconditional help was mandatory for me to complete this Ph.D. thesis.

With immense servility, I would like to thank God Kaalima, the Almighty to have bestowed me with courage, zeal and whose faith enabled me to complete this work” . Mere words can never encompass one’s profound inward emotions of ineffable indebtedness.

The same perplexity haunts inside me in penning down my sagacious sense of gratitude towards my guide Dr. Nimal Singh, Associate professor, Department of Pharmaceutical Sciences & Drug Research, Punjabi University, Patiala. In addition to his consistent encouragement, his exemplary and great achievements have given me a lesson how dedication leads to a success in ones career. He has been an esteemed guide and moving spirit behind this uphill task. Without his able guidance and pain-staking efforts and encouragement, the work wouldn’t have been what it is. I am truly grateful to him for extending his total cooperation and understanding when things were not too smooth. I always want to be a mat for his feet. I am thankful to God for providing me with an ideal teacher who deserves a special honour.

I thankfully acknowledge my teachers Dr. Antheeswar Singh Jaggi, Assistant Professor, and Mr. Dhandeep Singh, Assistant Professor, Department of Pharmaceutical Sciences & Drug Research, Punjabi University, Patiala for their unreserved support from the conception to completion of my research work.
