ACKNOWLEDGEMENTS

It is a moment of humble gratitude to the Allah for giving me the health and courage to attempt this piece of research to execute my dreams and to fall into the ‘Divine Souls’ who stood by me with warm support and guidance and helped me explore the world of Physical Education. I can only name them here and express my sincere appreciation to them.

The research scholar wishes to acknowledge his gratitude to Prof. A.K. Grover, Vice Chancellor, Panjab University Chandigarh for providing an opportunity to undertake this study.

I would like to express my profound gratitude to my supervisor, Dr. Thingnam Nandalal Singh, Department of Physical Education, Panjab University, Chandigarh for his encouragement, inspiration and excellent guidance. The amount of support he has been able to provide me is now-a-days rare in academics. Without his keen interest attention and inspiration, it would have been difficult for me to complete the present work.

I am indeed very grateful to Dr. Dalwinder Singh, Chairman, Department of Physical Education, Panjab University, Chandigarh for his constant support and for extending me necessary facilities to carry out the present study.

My special and sincere thanks Prof. G.S. Brar and Dr. Gurmeet Singh and Dr. Rajkumar, Department of Physical Education, Panjab University, Chandigarh for their valuable guidance and suggestion.

I wish to express my appreciation to Maryam Hassani Golyakh for her assistance and precious help.

Last but not the least my heartfelt thanks go to my respected and loving parents for their blessing, encouragement and moral support.
