ACKNOWLEDGEMENT

It is my bounden duty to express at the outset heartiest gratitude to my esteemed teacher and guide Prof. Pawan K. Kamra, Professor in Department of Public Administration, USOL, Punjab University, Chandigarh for his deep involvement, constant guidance, keen supervision, valuable advice, encouragement and for sharing his expertise that helped me to complete my work in time.

I am extremely grateful to Prof. B S Ghuman, Professor in Department of Public Administration, Punjab University Chandigarh, whose guidance and support enabled me to bring this investigation to fruitful conclusion.

I humbly acknowledge my heartfelt gratitude to Prof. Komal Singh, Chairperson, Department of Public Administration Punjab University, Chandigarh, for her encouragement, support and timely help whenever I was in need.

I would take this opportunity to express my sincere thanks to the member of Research Degree Committee Prof. Ramanjit Kaur Johal, Prof. Sudhir Sharma, Prof. Charanjeev Singh, and all the faculty members for their constructive criticism and encouragement that helped in the refinement of the research project.

I am indebted to all the staff members, Librarian of the Department of Public Administration, Punjab University Chandigarh, for being so supportive and helpful.

I have no words to express my gratitude to Prof. Gajendra Singh, Former Director and Emeritus Professor of Anatomy, Institute of Medical Science, Dr. Sunita Chandra, Deputy Registrar, BHU, Dr. Avadesh Chandra, Deputy Registrar, BHU, Dr. Madhu, Department of Anatomy, who gave me every sort of help in seeking permission from the Registrar, BHU for pursuing Ph D from Punjab University and for data collection from Sir Sunderlal Hospital, BHU.

I express my deep sense of gratitude to Prof. U S Dwevedi, Medical Superintendent, Sir Sunderlal Hospital, B.H.U for allowing me to conduct study in the hospital.
I take opportunity to express my sincere gratitude to Mr. Sushil Kumar Pandey, Nursing superintendent and other Nursing Administrators of Sir Sunderlal Hospital, BHU for their cooperation during data collection.

My special thanks are due to Prof. T.B Singh, Department of Biostatistics, Community medicines, IMS, Banaras Hindu University for his enormous help and assistance in analysing the data.

It was heart-warming experience to see the keen interest, motivational support and encouragement I received from my parents, in laws, family members especially my brother Mr. Ajay Kumar Sharma, in preparation of this research work.

I fail to find words to express my gratitude to my husband Mr. Arun Rana, who gave me every sort of cooperation and inspiration and sustained me during the long period of preparation of this work especially in preparation of tables and graphics for my study. He always defended me for all kind of problems I faced during the course of study and while writing the manuscript.

I wish to place on records words of appreciation for my daughter Utkarsha Rana for her patience and letting me devote time in studies and extending helping hand whenever possible.

I would also like to thank my friend Ms. Kuljeet, Ms. Rajwant, Ms. Renu and Ms. Meera for their morale support, enormous help and encouragement.

It will be very ungrateful of me if I do not acknowledge all the nursing personnel of Sir Sunderlal Hospital, BHU, who participated in my study enthusiastically and whose patience, persistence and cooperation made possible to complete this mammoth task.

Above all, I bow in humble obeisance before Almighty God for granting me this opportunity and blessing me with the wherewithal to rise to it.
