ACKNOWLEDGMENTS

It has been my privilege to work under the supervision of Dr. N. N. Pangotra, Director, Center for Adult and Continuing Education, Panjab University, Chandigarh. I express my heart-felt gratitude to him for his inspiration, painstaking efforts and scholarly guidance placed at my disposal.

I offer my sincere thanks to Dr. G. S. Sodhi of Department of Education, Panjab University for his invaluable advice which was forthcoming from him without any restraint. Permission by Dr. Sodhi to use 'A Scrambled Book on Chemistry' is highly acknowledged.

I am equally grateful to Dr.(Ms.) Satinder Dhillon, Principal, Dev Samaj College of Education, Chandigarh, for accommodating me throughout the duration of this investigation. I would ever remain indebted to her and to my colleagues for their critical comments and encouragement when the pace of progress was low or negative.

I also acknowledge the co-operation extended to me by the Principals, Staff members and Students of various schools during the experimentation for this study.

I would be failing in my duty if I do not thank all those persons, who have helped me in bringing out the document
in this form. During this investigation, the help was forthcoming from various persons. The same is acknowledged gratefully.

In the end I would like to thank and express my gratitude to my family members for their help at all occasions, from initial stage of the investigation to its completion.

CHANDIGARH
