ACKNOWLEDGEMENTS

Any research work takes progressive strides under the able guidance of research directors. In this aspect I am fortunate enough to get the guidance of two research directors, Dr.V.Lakshmi Prasannam and Dr. C.N.B.Rao. They helped me unravel new methods associated with “Convection in porous media with surface temperature variations, Variable fluid properties, magnetic field, radiation and stratification”.

I am very much indebted to Dr.V.Laksmi Prasannam, Professor & Head, Dept. of Mathematics, P.B.Siddhartha College of Arts and Science, P.G.Center, Vijayawada for her guidance and encouragement at every stage of my work. I am indeed grateful to her for her valuable suggestions. Her instance on meticulousness helped cultivate precision my thinking and expression.

I must express my deep gratitude to my teacher Dr. C.N.B.Rao, Professor & Head, Dept. of Engineering Mathematics & Humanities, S.R.K.R.Engineering College, Bhimavaram, for suggesting the topic of research, giving me several new insights into my work and sparing his valuable time. I always remain grateful to him for his generosity and patience. His sagacity, instance on clarity & academic sobriety helped me to change my thinking.

I am deeply indebted to Dr. Sambhasiva Rao, Prof. & Head, Department of mathematics, Prof. Bh.Satyanarayana, Department of Mathematics, and the other faculty of Department of Mathematics, Acharya Nagarjuna University for their timely help and abundant concern.
I thank the Authorities of Acharya Nagarjuna University, Guntur for their encouragement.

My sincere thanks to Dr.D.R.Raju, Director of the Vishnu educational society and Dr.D.G.Krishnam Raju HOD of Basic Sciences, VIT and former HOD of basic sciences of SVECW for granting me necessary permissions and making adjustments in my duties. I am grateful to the management, Shri Vishnu Educational Society and especially to Sri. K.V.Vishnu Raju, chairman and Dr.Y.P.Obulesh, Principal of SVECW for extending all necessary facilities.

My truthful thanks to Dr.Bh.V.N.Lakshmi, Prof. & Head, Department of Basic Sciences, SVECW, Bhimavaram, for introducing Dr.C.N.B.Rao, her compassionate cooperation and cheerful and friendly encouragement in pursuing my research work. My thanks are also due to all the members of the department of basic sciences, and other colleagues of SVECW for their help and good wishes.

My cordial thanks to Ms.T.S.L.Radhika, Associate Professor, VIT, Bhimavaram, my colleague and my friend, who helped me at every stage of my research work.

My special thanks are due to Dr.D.Ranga Raju, Principal and management of S.R.K.R.Engineering College, Bhimavaram for providing facilities for my work. My thanks are also due to Mr.B.Satyanarayana of VIT, Vellore, Mr.K.S.Srinivasa Babu, Mr.N.Veera Raju Assistant Professors and other members of Department of Mathematics & Humanities of S.R.K.R.Engineering College for their help and good wishes.

My Sincere thanks are due to Dr.P.Venkat Rao, Principal, B.V.R.I.C, Bhimavaram, Dr.D.Suryanarayana, Principal VIT, Bhimavaram, VIT and all the faculty of VIT for their encouragement and benevolence. I also express my thanks to
Mrs. K. Padma Vasavi, Dept. of ECE, SVECW and my colleague who discussed with me about software’s to publish some of my research papers.

I might have incorporated in this thesis some sentences from research papers and text books of some authors for effective presentation of material and certain concepts. I explicitly acknowledge my thanks to all of them.

I collected my research materials from the following libraries & it is pleasure and duty to thank the staff for their able assistance and help.

Acharya Nagarjuna University Library, Guntur; NIT Library, Warangal;
S.R.K.R. Engineering College Library, Bhimavaram; The University of Hyderabad Library, Hyderabad; Gudlavalleru Engineering College Library, Gudlavalleru; Shri Vishnu Engineering College for Women Library, Vishnupur, Bhimavaram.

I gratefully acknowledge the strong encouragement of my Parents, Brothers, Sisters, my relatives and my friends.

Last but not least my very special thanks to my husband and my daughter without whose support this work would have never completed.
