Acknowledgements

It is matter of immense pleasure and privilege to pay special regards and thanks to Dr (Mrs) Ranjana Vohra, Reader and Former Chairperson, Department of Library and Information Science, Panjab University, Chandigarh, who patiently supervised this work with a great critical insight and intellectual acumen. Under her guidance, things always looked within reach. In fact without her consistent critical suggestions, cheerful encouragement and sincere co-operation, this effort would have remained futile.

I express my cordial thanks to Prof. H.R. Chopra, Chairman, department of Library and Information Science, Panjab University, Chandigarh, who made a vital contribution by creating a congenial atmosphere for research work in the department.

My special thanks to Mr Vinod Grover and Mr Sita Ram, Assistant Librarians, AC. Joshi Library, Panjab University, Chandigarh for providing useful inputs to this research. I acknowledge my thanks to all the authors and editors whose works I have consulted and cited in this thesis.

I am grateful to my parents for their blessings, consistent encouragement and moral support. I also take this opportunity to express my deep appreciation for my family members for their patience and active co-operation.

I am especially thankful to my husband, Bhupendar, for his affection, understanding and inspiration. His perpetual encouragement acted as catalyst, which has invigorated me to enhance the speed of the work.
