ACKNOWLEDGEMENTS

First of all, I would like to express my gratitude to the Almighty God for constantly providing me strength and courage to complete my work.

I have no words to express my gratitude to Prof. Raj Gupta, Chairperson, Department of Education, Panjab University, Chandigarh, who by her sagacious and illuminous guidance, constant inspiration and sympathetic attitude, made this study possible. To work with her has not only been a great education but also a privilege for me.

I express my appreciation to the many authors and to the various researchers whose works enlightened me, gave me a right direction and I consulted very often and quoted in my research report.

My heartfelt thanks are due to Principals of schools of Ferozepur for their selfless help and ready co-operation. I also express heartfelt appreciation to the students for their patience and co-operation in the experimental activities applied and taking the tests as per design of the study.

I will be failing in my duty if I don’t express my gratitude to Dr. (Mrs.) Jagdish Bains, Principal of my college, without whose co-operation, the study would not have been completed.

I express my sense of gratitude to my mother Shrimati Gian Devi Nagpal for her inspiration, encouragement and her unshaken faith in me. Her unconditional love, support and blessings proved an inexhaustible source of strength to me.

I am falling short of words to appreciate the co-operation and inspiration, I received from my brother, Prof. Vijay Nagpal, Department of Laws, Panjab University, Chandigarh for making this research work, a great success.
I am extremely beholden to my husband, Dr. Yash Khunger, who, throughout the long and arduous period of study, proved to be a pillar of strength with unending faith and empathy.

I must acknowledge our two and half years old son, Vasu, who often had to forgo the pleasure of his mother’s company, but whose love never wavered.

In the end, I would like to thank all my near & dear ones for their timely help. They will remain in my mind forever.

Rajni Nagpal
