The present investigator gets the opportunity to express his deep sense of gratitude to Dr. (Mrs.) B.K. Saini, Professor, Department of Education, Panjab University, Chandigarh, for her valuable help and expert guidance afforded to him in generous measures in carrying out this investigation. It will be no exaggeration to say that the study could not have been completed without her inspiration, creative genius and guidance.

The investigator also expresses his thanks to the teachers of the schools, students and parents both in rural and urban areas of the Mazandran province who acted as the subjects and whose kind and whole-hearted cooperation and hospitality made the data collection possible. The investigator wishes to express his appreciation and gratitude to Director, Department of Education, Sari for granting permission to the collection of the data.

The investigator also feels a great pleasure to acknowledge the congenial co-operation and help by Mr. Abdulrahim, Awoliagheli, Nami and Sattar during the course of this work. The co-operation received from the parents is also gratefully acknowledged.
Last, but by no means the investigator owe debt of gratitude to many others who helped him directly or indirectly in this research and who remain unnamed.
