ACKNOWLEDGEMENT

I am deeply indebted to Dr. A. R. Kasturi Bai, M.Sc., D.Phil., Head of the Department of Zoology, Bangalore University, Bangalore, for her able guidance, encouragement and helpful suggestions in preparing this thesis. She took a keen interest in all the practical and theoretical aspects of the work and saw to its completion. Whatever merits this thesis possess may well be credited to the influence and guidance of Dr. A. R. Kasturi Bai.

I express my sincere thanks to Dr. M. Shadaksharavamy, Head of the Department of Chemistry and Principal, Central College, Bangalore University, Bangalore for his kind help during the period of my research work.

I am also grateful to Miss Geeta Ramachandra, Assistant Professor of Biochemistry, University of Agricultural Sciences, Bangalore for her assistance in preparing the thesis.

Award of Junior Research Fellowship by the University Grants Commission and the Bangalore University for providing an opportunity to conduct the present investigation are also gratefully acknowledged.
I am grateful to late Dr. K. Pampapathi Rao, former Head of the Department of Zoology, Bangalore University, Bangalore for his kind encouragement.

Lastly, my thanks are due to my friends and colleagues who have helped me in various ways to prepare this thesis.
