CONTENTS

Acknowledgement .................................................. (i)
Contents .......................................................... (iii)
List of Tables .................................................... (vii)

CHAPTER – 1: INTRODUCTION ........................................ 1-31

1.1 Creativity in the wake of
Global Changes and challenges ............................... 1

1.2 Meaning, Nature and Importance
of Mathematics .................................................. 7

1.3 Mathematical Creativity .................................... 19

1.4 Role of Environment factors,
Socio-economic status in the
Development of the Creativity ............................... 21

1.5 Rationale of the Study ...................................... 23

1.6 Statement of the Problem .................................. 25

1.7 Objectives of the Study ................................... 25

1.8 Delimitation of the Study .................................. 26

1.9 Definitions of Key Terms .................................. 26

1.10 Need and Importance of the Study ................... 28

1.11 Planning of Chapters ...................................... 30
CHAPTER – II: CONCEPTUAL UNDERSTANDING
AND THEORETICAL VIEWPOINTS ABOUT PREDICTORS

2.1 Intelligence
2.2 Creativity
2.3 Mathematical Creativity
2.4 Academic Achievement
2.5 Socio-Economic Status
2.6 Rural-urban Differences (Domicile)

CHAPTER – III: REVIEW OF RELATED LITERATURE AND HYPOTHESES

3.1 Achievement and Mathematical Creativity
3.2 Socio-Economic Status,
   Home Environment and Mathematical Creativity
3.3 Hypotheses
CHAPTER – IV: METHOD AND PROCEDURE

4.1 Design ... 83
4.2 Method ... 84
4.3 Sample ... 84
4.4 Tools Used ... 89
4.4.1 Test of Creativity Thinking in Mathematics (Moghe, 1989) ... 89
4.4.2 Group Test of General Mental Ability (Tandon, 1971) ... 90
4.4.3 Creative Activities Check List (Torrance, 1962) ... 93
4.4.4 Achievement Test in Mathematics (Prakash, 2000) ... 94
4.4.5 Socio-Economic Status Scale (Kulshreshtha, 1980) ... 95
4.4.6 Home Environment Inventory (Misra, 1989) ... 97
4.4.7 Institutional Environment Scale (PAPERED BY THE INVESTIGATOR HIMSELF) ... 99
4.5 Data collection ... 101
4.6 Statistical Techniques used ... 102
CHAPTER V: NATURE OF SCORE

DISTRIBUTION TO TEST
NORMAL DISTRIBUTION ... 103-107

CHAPTER VI: ANALYSIS OF DATA,

RESULTS AND DISCUSSION ... 108-140
6.1 SECTION- I (Bi-variate Correlation) ... 109
6.2 SECTION – II (t-ratio Technique) ... 121

CHAPTER VII: SUMMARY, CONCLUSIONS AND SUGGESTIONS FOR FURTHER RESEARCH ... 141-168

BIBLIOGRAPHY ... 169-193

APPENDIX ... 194-196
