ACKNOWLEDGEMENT

It is a matter of pleasure to place on record my sincere gratitude and indebtedness to my esteemed supervisor Dr. (Mrs.) Tripta Gupta whose academic stimulus, untiring efforts and enlightening guidance at every step of the study helped me to complete this work.

I do not have words to express my deepest appreciation for revered Dr. Surjit Singh Sekha whose constructive suggestions, judicious and illuminating guidance at every step have helped to a great extent in accomplishing this investigation.

I cannot help remembering my late respected father-in-law at this moment who always encouraged me to take up this challenging task.

There are no words that can express my heartfelt feelings for late Dr. (Mrs.) Kanwaljit Gill who had always been my guiding spirit. It was her earnest wish that has been fulfilled today.

My sincere thanks are also due to the principals and teachers of government schools who extended help and shared their experiences with me.

I am very grateful to my colleagues and friends who devoted their precious time and efforts for the completion of this work.

Last but not the least, I also feel very grateful to my parents, children and my husband for their unrelenting efforts, encouragement and for their moral support during the tenure of present investigation.
