ACKNOWLEDGEMENTS AND THANKS

Thesis writing, is not a solitary activity, it requires the constant cooperation and support of people around you. I am indebted to many people for their support during the preparation of the Ph.D. Thesis, but there are individuals who deserve special acknowledgements. I do wish to express my appreciation to those whose help has been most valuable.

First and foremost, I offer sincere thanks to my esteemed teacher Prof. (Mrs.) Asha Gupta, M.A. (Psy.), M.Ed., Ph.D. (P.U.), and Chairperson of Department of Education, Panjab University, Chandigarh (India). No effort of this kind was possible without her generous cooperation and help. I owe her my extreme indebtedness, not repayable in any form for inspiring and guiding me right from the inception to the final stage of the submission of this treatise.

I would like to thank my loving and caring parents Mumma, Smt. Isha Pareek and Papa, Shri S.C. Pareek, for their unending support and understanding when my patience was in short supply. It's no exaggeration to say that their help has been invaluable, and I rank it—and their loving and affectionate attitude—as precious commodities, indeed!

I also wish to express my thanks to my relatives who read and commented on various portions of the manuscript. Their comments and suggestions were exceptionally constructive and certainly played a key role in the final content and form of my thesis work. These reviewers are as follows:

- Shri M.L. Pareek, B.A., B.B., Deputy Director (Retd.), Forest. Secretariat
- Dr. (Mrs.) Nirmaljit Kaur Rathee, B.P.Ed., M.P.Ed., Ph.D., Lecturer, Dept. of Physical Education, Panjab University, Chandigarh
- Miss Shabnam Pareek, M.A. (Pol. Sc.), Additional Secretary, H.P.D.O. C., New Delhi
I am indebted to the teachers of Chandigarh for extending their full cooperation in collection of data and also to all the authors whose work I have consulted and quoted in my research work.

With Thanks
