Private schools

6.3.1 Mean differentials in the personal values of male and female senior secondary school students of Doaba region

6.3.2 Mean differentials in the personal values of male and female senior secondary school students of Majha region

6.3.3 Mean differentials in the personal values of male and female senior secondary school students of Malwa region

6.3.4 Mean differentials in the personal values of male and female senior secondary school students

6.4 Summary of one-way ANOVA for all the dimensions of School Environment

6.4.1 Mean differentials among the schools of three cultural regions of Punjab with regard to Creative Stimulation dimension of School Environment

6.4.2 Mean differentials among the schools of three cultural regions of Punjab with regard to Cognitive Encouragement dimension of School Environment

6.4.3 Mean differentials among the schools of three cultural regions of Punjab with regard to Permissiveness dimension of School Environment

6.4.4 Mean differentials among the schools of three cultural regions of Punjab with regard to Acceptance dimension of School Environment

6.4.5 Mean differentials among the schools of three cultural regions of Punjab with regard to Rejection dimension of School Environment

6.4.6 Mean differentials among the schools of three cultural regions of Punjab with regard to Control dimension of School Environment

6.5.1 Mean differentials in the school environment of Government and Private senior secondary schools of Doaba
6.5.2 Mean differentials in the school environment of Government and Private senior secondary schools of Majha region

6.5.3 Mean differentials in the school environment of Government and Private senior secondary schools of Malwa region

6.5.4 Mean differentials in the school environment of Government and Private senior secondary schools

6.6.1 Mean differentials in the personal values of senior secondary school students with Low and High scores in Creative Stimulation dimension of School Environment

6.6.2 Mean differentials in the personal values of senior secondary school students with Low and High scores in Cognitive Encouragement dimension of School Environment

6.6.3 Mean differentials in the personal values of senior secondary school students with Low and High scores in Permissiveness dimension of School Environment

6.6.4 Mean differentials in the personal values of senior secondary school students with Low and High scores in Acceptance dimension of School Environment

6.6.5 Mean differentials in the personal values of senior secondary school students with Low and High scores in Rejection dimension of School Environment

6.6.6 Mean differentials in the personal values of senior secondary school students with Low and High scores in Control dimension of School Environment

6.7 Summary of one-way ANOVA for all the dimensions of Home Environment

6.7.1 Mean differentials among students of three cultural regions

ix
6.7.2 Mean differentials among students of three cultural regions of Punjab with regard to Protectiveness dimension of Home Environment

6.7.3 Mean differentials among students of three cultural regions of Punjab with regard to Punishment dimension of Home Environment

6.7.4 Mean differentials among students of three cultural regions of Punjab with regard to Conformity dimension of Home Environment

6.7.5 Mean differentials among students of three cultural regions of Punjab with regard to Social Isolation dimension of Home Environment

6.7.6 Mean differentials among students of three cultural regions of Punjab with regard to Reward dimension of Home Environment

6.7.7 Mean differentials among students of three cultural regions of Punjab with regard to Deprivation of Privileges dimension of Home Environment

6.7.8 Mean differentials among students of three cultural regions of Punjab with regard to Nurturance dimension of Home Environment

6.7.9 Mean differentials among students of three cultural regions of Punjab with regard to Rejection dimension of Home Environment

6.7.10 Mean differentials among students of three cultural regions of Punjab with regard to Permissiveness dimension of Home Environment

6.8.1 Mean differentials in the home environment of senior secondary school students studying in Government and
Private schools of Doaba region

6.8.2 Mean differentials in the home environment of senior secondary school students studying in Government and Private schools of Majha region

6.8.3 Mean differentials in the home environment of senior secondary school students studying in Government and Private schools of Malwa region

6.8.4 Mean differentials in the home environment of senior secondary school students studying in Government and Private schools

6.9.1 Mean differentials in the personal values of senior secondary school students with Low and High scores in Control dimension of Home Environment

6.9.2 Mean differentials in the personal values of senior secondary school students with Low and High scores in Protectiveness dimension of Home Environment

6.9.3 Mean differentials in the personal values of senior secondary school students with Low and High scores in Punishment dimension of Home Environment

6.9.4 Mean differentials in the personal values of senior secondary school students with Low and High scores in Conformity dimension of Home Environment

6.9.5 Mean differentials in the personal values of senior secondary school students with Low and High scores in Social Isolation dimension of Home Environment

6.9.6 Mean differentials in the personal values of senior secondary school students with Low and High scores in Reward dimension of Home Environment

6.9.7 Mean differentials in the personal values of senior secondary school students with Low and High scores in Deprivation of Privileges dimension of Home Environment
6.9.8 Mean differentials in the personal values of senior secondary school students with Low and High scores in Nurturance dimension of Home Environment

6.9.9 Mean differentials in the personal values of senior secondary school students with Low and High scores in Rejection dimension of Home Environment

6.9.10 Mean differentials in the personal values of senior secondary school students with Low and High scores in Permissiveness dimension of Home Environment
