ACKNOWLEDGEMENT

"Just a smile, a glimpse, can express much more than words. A gesture, a sincere gesture, is often a million times more expressive than words. Words limit the gratefulness, the gratitude."

Words often fail to express one's inner feelings of indebtedness to one's benefactors. The same difficulty haunts the investigator in penning down the deep sense of gratitude, she owes to her kind guide and a number of other persons who helped her in making this research project a completer sense.

To begin with, I am highly blessed and fortunate that I got an opportunity to pursue this arduous research work under the able supervision of Dr. Nandita, Associate Professor and Chairperson, Department of Education, Panjab University, Chandigarh, for taking deep and a very sincere interest in the problem. Without her able, expert and useful guidance, unfailing interest and thought provoking inspiration, the completion of the study would have been impossible.

I wish to place on record my indebtedness to the gracious cooperation, rich experience and especially valuable time of Dr. Raj Gupta, Professor, Department of Education, Panjab University, Chandigarh. I owe my thanks to Dr. Latika, Assistant Professor, Department of Education, Panjab University, Chandigarh for her valuable guidance. I offer my sincere thanks to the faculty and staff of the Department of Education, Panjab University, Chandigarh for their sincere help and advice in the completion of this work.

I render my heartfelt thanks to professors from Department of sociology, Punjabi, Psychology, principals and teachers of different schools for their valuable guidance in the construction of tools.

I owe my deep reverence, unforgettable and unfailing respect to Prof. J.M. Jearth (Retd. From Department of Psychology), Panjab University, Chandigarh who cheerfully provided time unstintingly and guidance for statistical analyses of the data. I have learnt a lot about being a true teacher from him along with some insight into the use of statistics in educational research. He is such a gem and true human being.
I am also sincerely thankful to the authorities of the schools of Mohali for their generous cooperation which has enabled me to finish the research work. I am grateful to my friends at Indo Global College of Education, Abhipur and especially Dr. Sarita Saini, Principal, Indo Global College of Education for providing me help as and when required.
