ACKNOWLEDGEMENT

The success of any project is never limited to the individual who is undertaking the work. Most often, it is the collective effort of the people that reflect in the success. It is impossible to thank everybody separately who are responsible. However, this opportunity is to express my gratitude and thank some of the personalities involved with me during the completion of this thesis.

I wish to record my sincere gratitude and indebtedness to my Research Guide Dr R. Onkarappa, Head of the Department of Microbiology, Sahyadri Science College (autonomous), Shimoga for his inspiring guidance and enthusiasm throughout my study. I take this opportunity of acknowledging my sincere feeling of gratitude and respect for his valuable guidance and kind help in every stage of this work.

I express my sincere thanks to my beloved teachers Dr S. Shishupala, Chairman, Department of Studies and Research in Microbiology, and Dr. Ramalingappa, Reader, Dept. of Studies and Research in Microbiology, for their help and cooperation throughout my research work.

I am deeply grateful to the Management of Srishyla Educational Trust, Bheemasamudra, in particular our Hon. Secretary Sri G.M. Lingaraju for placing confidence in me to take up this work. I express my heartfelt thanks to Dr. B.T. Patil, Principal, GM Institute of Technology who instilled the initial courage and constant encouragement for my research work. I am greatly indebted to Prof. K.G. Umapathy, Prof. D. Basavalingappa, Prof. B.R. Shreedhar and Sri Y.U. Subhashchandra for their moral support and encouragement.

I would like to express my deepest appreciation to Dr H S Ravikumar Patil, Head of the Department of Biotechnology, GMIT and Dr B Basavaraju for their constant encouragement, and invaluable guidance.
