ACKNOWLEDGMENT

It is with a deep sense of gratitude I express my heartfelt thanks to Prof. Gopal M. Advirao, Chairman, Department of Biochemistry, Kuvempu university, for giving me the opportunity to join his research group and for introducing me to the fascinating world of sciences particularly in cancer Biology, I am grateful to him for suggesting the topic and giving valuable guidance, immense support, useful criticism, affection and constant encouragement throughout the course of this project.

I am very much thankful to Prof. Basavaraja Ramnal, Secretary, Karnataka College of Pharmacy, Bangalore for his support and help during the period of my research work.

My sincere thanks are to Prof. K. Prabhu, Vice Principle, Department of Pharma Cognosy, S.C.S.college of pharmacy, Harapanahalli for identification and authentication of plant material and also to QUEST, Research Institute, Bangalore for providing the spectral data and elemental analysis.

I am grateful Dr. K. Ramesh, Director, Karnataka college of Pharmacy, Bangalore for his help and support during the period of my research work.

It is a great pleasure to thank Dr. C. Sridhar, H.O.D, Department of Pharmaceutical chemistry, Acharya B.M. Reddy College of pharmacy, Bangalore, for his help and encouragement in accomplishment of this work.

I am also thankful to Dr. Raju koneri, Dean, Karnataka college of Pharmacy, and Dr. T. Prabhakar, Principal, R.C.P. Devanahalli, Bangalore, for their help and support during the period of my research work.
I wish to thank teaching and non teaching staff of Biochemistry and Microbiology Department, Shivagangothry, Kuvempu University, Davanagare for their help and constant support.

I am grateful to, Mr. Abijith, S.R. Ms Prakruti and Mr. Rohit for their help in many ways.

It is a pleasant duty to thank the authorities of the Kuvempu University for providing me the facilities to carry out this investigation.

I wish to express gratitude to all family members who have always lavished loving care and showed affection upon me which contributed a lot in helping me to stay focused on achieving my goal.

Full credit goes to my better half Gurubasavaraj for his forbearance, constant inspiration, and continuous encouragement and for the unfailing support and my beloved son Suketh for his silent support.

Completing a thesis of this nature would not have been possible without mental and physical support from my friends, colleagues, relatives and family members. I am indebted to all of them.

Above all I thank God for everything.
