LIST OF TABLES

Tables of chapter I

Table. 1. Plant drugs used in traditional medicine.
Table. 2. Selected human diseases/diseased states & free radicals implicated.
Table. 3. Plants with Antioxidant Activity.
Table. 4. Estimated new Cancer Cases and deaths by sex, US 2009.

Tables of chapter II

Table. 1. Column chromatography of flavonoids.
Table. 2. Different solvents used for the optimization of TLC solvent system for the ethyl acetate extract.
Table. 3. Percentage yield and physical characters of Fluggea leucopyrus in different solvents.
Table. 4. Phytochemical analysis of leaves parts of Fluggea leucopyrus.
Table. 5. Results of column chromatography in TLC.
Table. 6. TLC studies of Ethyl acetate extract.
Table. 7. Physical properties of flavonoids.
Table. 8. Chemical tests for flavonoids.
Table. 9. CHNS Percentage Reprt of Undecyl 3- hydroxy benzoate.
Table. 10. The Consolidated molecular formula of the isolated pure compound.

Tables of chapter III

Table. 1. Percentage inhibition of superoxide radical.
Table. 2. Percentage inhibition of hydroxyl radical.
Table. 3. Percentage inhibition of lipid-peroxidation radical.
Table. 4. Percentage inhibition of DPPH radical

Tables of chapter IV

Table. 1. Antitumor activity of leucopyrosinol given ip against the sc implanted EAC.

Tables of chapter V

Table. 1. Some plants with anti-inflammatory activity.
Table. 2. Anti inflammatory activity of leucopyrosinol and ethyl acetate.
Table. 3. Analgesic activity of leucopyrosinol and ethyl acetate.

Tables of chapter VI

Table. 1. Antibacterial activity of leucopyrosinol and crude extract of ethyl acetate.
Table. 2. Antifungal activity of leucopyrosinol and crude extract of ethyl acetate.
Table. 3. Determination of Minimum Inhibitory Concentration (MIC).
