
CONTENTS

PART - A

	Page No
Chapter – 1 : Introduction	1-38
Chapter – 2 : Synthesis of some naphtho[2,1- <i>b</i>]furo[3,2- <i>d</i>]pyrimidines, naphtho[2,1- <i>b</i>]furo[3',2';4,5]pyrimido[1,2- <i>b</i>]benzo[<i>d</i>]thiazoles	39-66
Chapter – 3 : Synthesis of 2-(3-nitronaphtho[2,1- <i>b</i>]furan-2-yl)-5-substituted- 1,3,4-oxadiazoles	67-90
Chapter – 4 : Biological and pharmacological investigations of synthesized compounds	91-113

PART - B

Chapter – 5 : Introduction about the medicinal plants	114-134
Chapter – 6 : General survey and collection of medicinal plants	135-152
Chapter – 7 : Deeper investigations on <i>Lasiosiphon eriocephalus</i> Introduction about the plant <i>Lasiosiphon eriocephalus</i> Section A : Soil sample Analysis Section B : Pharmacological activities of crude extracts of stem bark of <i>Lasiosiphon eriocephalus</i> 7B.4.1 : Antibacterial activity 7B.4.2 : Antifungal activity 7B.4.3 : Anthelmintic activity 7B.4.4 : Analgesic activity 7B.4.5 : Antipyretic activity 7B.4.6 : Antiinflammatory activity 7B.4.7 : Antioxidant activity	153-200
Chapter – 8 : Isolation and characterization of active compound from <i>Lasiosiphon eriocephalus</i>	201-212
