ACKNOWLEDGEMENTS

The word grateful is not great enough to say, how grateful indeed I am to Dr. (MRS.) Asha Mohan Sethi (Reader, Department of Education, Panjab University, Chandigarh), my teacher, supervisor, guide and friend, who accepted the responsibility of supervising this work without any hesitation and guided me every minute till the last. Her indefatigable effort was source of my constant inspiration throughout the present investigation that inculcated in me a spirit of hope and hard work. Without her initiation, patience and sincere interest, this study would not have been completed.

I extend my sincere regards and appreciation to Dr. Harish Sharma, Chairperson, Department of Education, Panjab University, Chandigarh, for providing me the facilities to work in the Department.

My sincere thanks are due to all the Heads of the Institutions who afforded me opportunities to conduct the research in their institutions. I am obviously thankful to all the subjects who extended full co-operation for data collection.

I am thankful to Mr. Anil Dhawan, the programmer of Computer Centre, Panjab University, Chandigarh for computing the data for my study. He unhesitatingly helped me with a smile whenever I needed his assistance.
Considerable gratitude is due to Mr. I. M. Soni, Reader in the Department of Mass Communication, Panjab University, Chandigarh, for reading this thesis critically and for many helpful suggestions in expressing and organising the material.

I will be failing in my duty, if I do not express my sense of gratitude to my in-laws as well as my parents who were always encouraging and inspiring me with warm and loving wishes to complete this work.

My gratitude is also due to my loving son Ravkeerat and my husband Mr. S.S. Kochhar, for their great patience, understanding, encouragement and willingness to make sacrifices on my behalf. They both had been the main and constant source of inspiration in this venture.

I am grateful to my domestic helping mate, Mr. Arun Kumar who silently underwent the rigours of domestic overwork to spare me time and energy to devote full attention to this study.

Lastly, my special thanks are due to Mr. Surinder Paul Singh (Univac Computer, 98, Sector 11-A) for typing the thesis with great care and efforts.

Department of Education
Panjab University, Chandigarh.
