Acknowledgements

I express my immense gratitude to my supervisors Dr. R.K. Singla, Professor, Department of Computer Science and Applications, Panjab University and Dr. S.C. Vaidya, Dean University Instructions, Panjab University, Chandigarh, for their invaluable guidance, incessant help, motivation and encouragement to complete this thesis work. Their continuous support and constructive suggestions provided me immense insight into the intricacies involved in this work.

I am also grateful to Dr. Vandana, Department of Education and Dr. Suresh Sharma, Department of Statistics, Panjab University, for their co-operation and valuable suggestions.

This thesis work could only be possible by the grace of god and blessings of all those around me. I owe sincere acknowledgement to my husband, Sandeep Chawla, for his unflinching support, motivation and patience. The love, affection and strength provided by my parents were a source of constant inspiration to achieve this stage in my life. My daughters, Sukriti Chawla and Svea Chawla, need special mention and words of admiration for displaying colossal patience, understanding and unconditional love though I truly feel sorry for not having been able to spare quality time for them during the course of this research.

The AICTE Career Award for Young Teachers (CAYT) conferred to me during the course of this research by All India Council for Technical Education (AICTE), Govt. of India, New Delhi, is gratefully acknowledged.
