I owe my extreme sense of gratitude to my teacher and guide

Dr. Mrs. U. K. Vairagade, Associate Professor and Head, Dept. of Home Science, Dr (sow) I.B.P Mahila Mahavidyalaya, Aurangabad (M.S.) for her support, help and valuable ideas without which this thesis could not have been completed.

My sincere thanks to Dr. Swati Ardhapurkar, Dr Varsha zanvar, Dr B.K. sakhale, Mrs.Sanjeevani Godse, Mrs. Anuradha Dubey for their support and encouragement.

I extend my sincere gratitude to Dr. A.D. Deshpande, Dr. P.B.Khot, Dr.S.Y.Kulkarni, and Late Shri N. D. Deshpande, for their valuable assistance, support, and advice.

My sincere thanks to all my friends, colleagues and well-wishers for their constructive suggestions, assistance, encouragement and help for the study.

A special thanks to Mr. Dr. Rajesh Dase, Assistant Professor/Statistician, for providing me all possible help in computations throughout my research work.

I can never forget the kind co-operation of Dr.Kasar sir, Principal and other staff members of my institute.

This study would not have been possible without the co-operation and immense support of the school authorities and teachers of participated schools of Aurangabad city.
I have my highest regards to all the study subjects and their parents who had consented without hesitation to participate in this study, without their genial support which would have not been possible at all.

This acknowledgement would be incomplete without the mention of my son, my husband and my family who have been the strength, support, encouragement both morally, emotionally and in every possible way.

I thank The Almighty for giving me strength and a wonderful opportunity to serve the community.

At last but not the least, I thank the people who have directly or indirectly lent their helping hand in this project work.
