APPENDIX V

CURRICULUM EVALUATION

A questionnaire for teachers

Note: Please answer in Yes/No or give remarks

1. Do you feel that this programme has a strong conceptual/theoretical base and is based on research in experimental settings?

2. Did you find Multi-Level Teaching different from your teaching method?

3. Do you think Multi-Level Teaching offers opportunities for individualizing instructions within a group setting?

4. Do you feel that the contents of this curriculum were presented through a planned process?

5. Were the children interested in learning through Multi-Level Teaching?
6. Did you find this technique easy for instructional purposes?

7. Were you satisfied with the contents covered by the instructional units of this curriculum?

8. Do you think that Multi-Level Teaching is a suitable technique for instructing preschoolers?

9. Any suggestions for making this technique more effective?
