LIST OF PUBLICATIONS

- Participated in poster presentation in a National Seminar on "Chemical Sciences for Industry and Society – Emerging trends for the third millennium" on 6th to 8th January 2006 at Kuvempu University, Shankaraghatta.

Under communication

- New condensation products as corrosion inhibitors on mild Steel in 2N hydrochloric acid medium.
  K.V.Srinath, T.V.Venkatesha and B.M.Praveen \textit{Materials Chemistry and Physics} (Communicated).

- Formyl quinolines and its condensation products as corrosion inhibitors on brass in acetic acid medium.

- Azides and diazides as corrosion inhibitors in acetic acid medium on brass substrate.
  K.V.Srinath and T.V.Venkatesha \textit{Applied Surface Science} (Communicated).

- Schiffs bases of formyl quinolines as corrosion inhibitors on plain carbon steel in two different acid medias: a comparative study.
  K.V.Srinath and T.V.Venkatesha \textit{Bulletin of Material Science} (Communicated).

- Azides and diazides as corrosion inhibitors in acetic acid medium on brass substrate.

- Azides and diazides as corrosion inhibitors on plain carbon steel in sulphuric acid medium.
  K.V.Srinath and T.V.Venkatesha \textit{Bulletin of Materials Science}(Communicated).
