Acknowledgement

First and foremost I want to thank my research guide Dr. Vivek D. Bobade, for his excellent guidance, humanity and constant encouragement. I consider myself honored to work under his guidance, because I got the newer creative dimensions, positive attitude in my thinking and has given me the freedom to pursue various projects without objection. His advice on research as well as on my career has been invaluable.

I extend my sincere thanks to Dr. A. V. Borhade for his encouragement to pursue research and for his magnanimous support and guidance during all stages of my research work. I am also extremely indebted to Dr. V. Balasubramaniyan and Dr. Kirti Patel for their valuable advice, constructive criticism and their extensive discussions around my work.

I am very thankful to Sir Dr. M. S. Gosavi, Secretary, G. E. Society for his permission to carry out research work. My thanks are also to Principal V. N. Suryavanshi, for his constant and cheerful encouragement. I would like to thank Dr. R. S. Varkhede, Head, Department of Chemistry for providing all the laboratory facilities. I also thank Dr. L. P. Sharma and Rupali Badgujar for carrying out the biological activity. I am also thankful to teaching and non-teaching staff of Department of Chemistry, H.P.T. Arts and R.Y.K. Science College, Nashik.

My acknowledgement would be incomplete without the special mention of my former and current lab-mates for their help. I extend my sincere appreciations to Dr. S. G. Wakchaure, Dr. P. C. Mhaske, Dr. A.
G. Dholi, Dr. B. K. Uphade, Dr. S. V. Patil, Dr. N. D. Gaikwad, Y. R. Baste, Dr. D. R. Tope and B. U. Patil who have accompanied me throughout my research work. I am also thankful for very important and critical help throughout my work to Rahul P. Jadhav, Hemant N. Raundal, Tushar A. Kshirsagar, Prashant S. Nikam, Nivedita B. Khadke and Dnyaneshwari Y. Patil.

My special thanks are due to my best friends Tushar, Kaustubh, Sagar, Keshao, Nitin, Kailas, Shivraj, Ganesh, Dhiraj, Viraj, Satish, Shantanu, Amol, Sushant, Makrand, Nilesh, Anuja and Monali whose help and support encouraged me in all the difficult situations.

I wish special thanks to Dr. M. N. Jachak, Dr. R. B. Toche, Dr. S. V. Patil and Prof. B. M. Padwal for their constant guidance and moral support whenever I needed during the course of my research work.

Finally, I feel insolvency of words to express my profound sense of gratitude to my beloved parents for their continuous support, trust; patience and blessing that led me to successfully complete my doctoral research. Similarly, I am indebted to my sister and brother Smita and Sandeep who are the real source of inspiration for building up my career, because of all their efforts I am here.

I honestly thank CSIR, UGC, New Delhi and BCUD, University of Pune for financial support and SAIF Punjab for providing the spectral analysis facilities.

Amar A. Patil
