ACKNOWLEDGMENTS

The researcher felt immense pleasure in expressing deepest gratitude to the respected supervisor Dr. Jagtar Singh Gill, Assistant Professor, Department of Physical Education and Sports, Punjab Engineering College Deemed University, Chandigarh for his valuable guidance, constant inspiration and encouragement in every step during the course of investigation, otherwise it would not have been in this form right now.

The author is very much thankful to Dr. G.S. Brar, Professor and Chairman, Department of Physical Education, Panjab University, Chandigarh for providing this opportunity and valuable encouragement in carrying out and completing this study.

Thanks are also due the library staffs of Panjab University and Punjab Engineering College Deemed University, Chandigarh, India as well as the Health, Physical and Population Education Department, Faculty of Education, University Campus, Tribhuvan University, Kirtipur, Nepal.

The researcher felt his sincere gratitude to the boys and authorities of concerned Schools, who have helped me a lot without hesitation, especially for those subjects of study. Without their
support and cooperation, it was almost impossible to complete this tedious and valuable project in time.

Lastly, but not the least, the researcher express his thanks to Mr. Balwinder Singh and Mr. Anil Kumar of Department of Physical Education and Sports, Punjab Engineering College Deemed University Chandigarh for offering and sharing hands with me during time of preparing reports and finally to my family members who have await for a long duration and cooperate during the study period.
