ACKNOWLEDGEMENT

I thank the 'Lord Buddha' for blessing me with a kind hearted guide Dr. Miss. J. Bhullar, Professor Department of Physical Education, Panjab University, Chandigarh, without whose guidance, constructive suggestions, incisive criticism and personal interest the project could not have been completed in time.

My thanks are also due to Dr. S. N. Sharma, Reader, Department of Physical Education, Panjab University, Chandigarh, for his valuable help and guidance during statistical analysis.

I express my gratitude to Mr. I.M. Soni, former Chairman Department of Mass Communication, Panjab University, Chandigarh, for editing the manuscript of my thesis.

I am indebted to all the Principals, Headmaster, Headmistresses Physical Education Teachers, Students of various schools of Ladakh region under study for their kind and willing co-operation, without which it could not have been possible for me to gather information regarding the present study.

I acknowledge the co-operation and appreciate to library staff of the Panjab University, Chandigarh, LNIPE Gwalior, G.N.D.U, Amritsar and Department of Physical Education, Punjab University, Chandigarh, for extending all co-operation in consulting the research literature.

I express my sincere thanks to Sh. Swaran Singh (Research Assistant), Centre for Population Studies, Panjab University, Chandigarh, helped in the processing of statistical data. I also Thanks to Mr. Amrik Singh Computer Programmer, who made it possible to bring out the presentable print of this thesis.

Last but not the least, I appreciate the morale boosting support extended to me by my beloved wife, Disket Lanzes.
