ACKNOWLEDGEMENTS

I was initiated into this research work by my worthy supervisor Dr. Sherry Sabbarwal, Reader, Department of Sociology, Panjab University, Chandigarh. Not only did she guide me at every stage of this research work but also acted as a friend and a philosopher. She steered me through all the difficulties encountered in carrying out the study with her bright suggestions and pleasant temperament. I owe her a special sense of gratitude. The present work is mainly due to her encouragement and guidance.

I am also thankful to Professor K.C. Kaistha, Chairman, Department of Sociology, for his support and co-operation in carrying out this study.

I would like to take this opportunity to express my deep sense of gratitude to my parents (Mrs. Saroj Mehta and Professor S.R. Mehta) for encouraging me to complete this research work. My elder sisters, Ms. Rashmi Mehta and Ms. Deepa Datta, were also a big source of inspiration for me to undertake this arduous task.

I am extremely grateful to my respondents, both the teachers and the students, for willingly co-operating with me in providing the relevant data. Without their help, it would have been difficult for me to complete this research work.

Last but not least, Ms. Divya, Impact Computing Solutions, Chandigarh, deserves my thanks for making special efforts for completing the typing work carefully.
