Chapter – IV: Analysis and Interpretation of Data 109-264

Section –A: Analysis of Scores of Satisfaction and Dissatisfaction in Relation to School Management, Intelligence and Socio Economic Status 121-191

Part A.1: Descriptive Analysis of Scores of Satisfaction and Dissatisfaction 121-129

Part A.2: Analysis of Total Scores of Satisfaction/Dissatisfaction with School 129-137

Analysis of Total Scores of Satisfaction and Dissatisfaction in Relation to School Management, Intelligence and Socio Economic Status 130

Main Effects: A: School Management 132

Main Effects: B: Intelligence 132

Main Effect: C: Socio-Economic Status 134

Two Order Interactions: A × B (School Management × Intelligence) 135

Two Order Interaction: A × C (School Management × Socio-Economic Status) 135

Two Order Interaction: B × C (Intelligence × Socio-Economic Status) 135

Three Order Interaction: A × B × C (School Management × Intelligence × Socio-Economic Status) 136

Part A.3: Analysis on Scores of Satisfaction and Dissatisfaction on Teacher Dimension 137-145

Main Effects: A: School Management 139

Main Effects: B: Intelligence 140

Main Effect: C: Socio-Economic Status 142

Two Order Interactions: A × B (School Management × Intelligence) 143
Two Order Interaction: $A \times C$ (School Management $\times$ Socio-Economic Status) 143

Two Order Interaction: $B \times C$ (Intelligence $\times$ Socio-Economic Status) 144

Three Order Interaction: $A \times B \times C$ (School Management $\times$ Intelligence $\times$ Socio-Economic Status) 144

**Part A.4: Analysis of Scores of Satisfaction and Dissatisfaction with Fellow Students** 145-151

Main Effects: $A$: School Management 147

Main Effects: $B$: Intelligence 148

Main Effect: $C$: Socio-Economic Status 148

Two Order Interactions: $A \times B$ (School Management $\times$ Intelligence) 149

Two Order Interaction: $A \times C$ (School Management $\times$ Socio-Economic Status) 149

Two Order Interaction: $B \times C$ (Intelligence $\times$ Socio-Economic Status) 150

Three Order Interaction: $A \times B \times C$ (School Management $\times$ Intelligence $\times$ Socio-Economic Status) 150

**Part A.5: Analysis of Scores of Satisfaction and Dissatisfaction with School Work.** 151-158

Main Effects: $A$: School Management 153

Main Effects: $B$: Intelligence 153

Main Effect: $C$: Socio-Economic Status 155

Two Order Interactions: $A \times B$ (School Management $\times$ Intelligence) 156

Two Order Interaction: $A \times C$ (School Management $\times$ Socio-Economic Status) 156

Two Order Interaction: $B \times C$ (Intelligence $\times$ Socio-Economic Status) 157
Three Order Interaction: $A \times B \times C$ (School Management $\times$ Intelligence $\times$ Socio-Economic Status)

**Part A.6: Analysis of Scores of Satisfaction and Dissatisfaction with Student Activities Dimension** 158-164

Main Effects: $A$: School Management 160

Main Effects: $B$: Intelligence 161

Main Effect: $C$: Socio-Economic Status 161

Two Order Interactions: $A \times B$ (School Management $\times$ Intelligence) 162

Two Order Interaction: $A \times C$ (School Management $\times$ Socio-Economic Status) 162

Two Order Interaction: $B \times C$ (Intelligence $\times$ Socio-Economic Status) 163

Three Order Interaction: $A \times B \times C$ (School Management $\times$ Intelligence $\times$ Socio-Economic Status) 163

**Part A.7: Analysis of Scores of Satisfaction and Dissatisfaction on Student Discipline Dimension** 164-170

Main Effects: $A$: School Management 166

Main Effects: $B$: Intelligence 167

Main Effect: $C$: Socio-Economic Status 167

Two Order Interactions: $A \times B$ (School Management $\times$ Intelligence) 168

Two Order Interaction: $A \times C$ (School Management $\times$ Socio-Economic Status) 168

Two Order Interaction: $B \times C$ (Intelligence $\times$ Socio-Economic Status) 169

Three Order Interaction: $A \times B \times C$ (School Management $\times$ Intelligence $\times$ Socio-Economic Status) 169
### Table of Contents

**Part A.8: Analysis of Scores of Satisfaction and Dissatisfaction on Decision Making Opportunity Dimension**  
170-176

- Main Effects: A: School Management  
  172
- Main Effects: B: Intelligence  
  173
- Main Effect: C: Socio-Economic Status  
  173
- Two Order Interactions: A × B (School Management × Intelligence)  
  174
- Two Order Interactions: A × C (School Management × Socio-Economic Status)  
  174
- Two Order Interactions: B × C (Intelligence × Socio-Economic Status)  
  175
- Three Order Interaction: A × B × C (School Management × Intelligence × Socio-Economic Status)  
  175

**Part A.9: Analyses of Scores of Satisfaction and Dissatisfaction with School Building, Supplies and Up-Keep Dimension**  
176-181

- Main Effects: A: School Management  
  178
- Main Effects: B: Intelligence  
  179
- Main Effect: C: Socio-Economic Status  
  179
- Two Order Interactions: A × B (School Management × Intelligence)  
  180
- Two Order Interactions: A × C (School Management × Socio-Economic Status)  
  180
- Two Order Interactions: B × C (Intelligence × Socio-Economic Status)  
  181
- Three Order Interaction: A × B × C (School Management × Intelligence × Socio-Economic Status)  
  181

**Part A.10: Analysis of Scores of Satisfaction and Dissatisfaction with Communication Dimension**  
182-187

- Main Effects: A: School Management  
  184

---

**vi**
Main Effects: B: Intelligence 184
Main Effect: C: Socio-Economic Status 184
Two Order Interactions: A × B (School Management × Intelligence) 185
Two Order Interaction: A × C (School Management × Socio-Economic Status) 185
Two Order Interaction: B × C (Intelligence × Socio-Economic Status) 186
Three Order Interaction: A × B × C (School Management × Intelligence × Socio-Economic Status) 187

Section – B 191-267

Part B.1: Descriptive Analysis on Scores of Satisfaction and Dissatisfaction 192
Part B.2: Analysis of Total Scores of Satisfaction/ Dissatisfaction with School. 199

Part B.2: Analysis of Total Scores of Satisfaction and Dissatisfaction with School 199-207

Analysis of Total Scores of Satisfaction and Dissatisfaction Among Boys and Girls of Tenth Grade in Relation to their Intelligence and Socio-Economic Status.

Main Effect : A: Gender 202
Main Effect: B: Intelligence 202
Main Effect: C: Socio-Economic Status 204
Two Order Interactions: A × B (Gender X Intelligence) 205
Two Order Interaction: A × C (Gender X Socio-Economic Status) 205
Two Order Interactions: B × C (Intelligence X Socio-Economic Status) 206
Three Order Interaction: $A \times B \times C$ (Gender X Intelligence X Socio-Economic Status) 206

**Part B.3: Analysis of Scores of Satisfaction and Dissatisfaction**

with Teacher Dimension of Gender (Boys and Girls) of Tenth Grade in Relation to their Intelligence and Socio-Economic Status. 207-214

Main Effect: A: Gender 209
Main Effect: B: Intelligence 210
Main Effect: C: Socio-Economic Status 212
Two Order Interactions: $A \times B$ (Gender $\times$ Intelligence) 212
Two Order Interaction: $A \times C$ (Gender $\times$ Socio-Economic Status) 213
Two Order Interactions: $B \times C$ (Intelligence $\times$ Socio-Economic Status) 213
Three Order Interaction: $A \times B \times C$ (Gender $\times$ Intelligence $\times$ Socio-Economic Status) 214

**Part B.4: Analysis on Scores of Satisfaction and Dissatisfaction**

with Fellow Students 214-220

Main Effect: A: Gender 216
Main Effect: B: Intelligence 217
Main Effect: C: Socio-Economic Status 217
Two Order Interactions: $A \times B$ (Gender $\times$ Intelligence) 218
Two Order Interaction: $A \times C$ (Gender $\times$ Socio-Economic Status) 218
Two Order Interactions: $B \times C$ (Intelligence $\times$ Socio-Economic Status) 219
Three Order Interaction: $A \times B \times C$ (Gender $\times$ Intelligence $\times$ Socio-Economic Status) 219
Part B.5: Analysis of Scores of Satisfaction and Dissatisfaction with School Work 220-226

Main Effect: A: Gender 222
Main Effect: B: Intelligence 222
Main Effect: C: Socio-Economic Status 224
Two Order Interactions: A \times B (Gender \times Intelligence) 225
Two Order Interaction: A \times C (Gender \times Socio-Economic Status) 225
Two Order Interactions: B \times C (Intelligence \times Socio-Economic Status) 226
Three Order Interaction: A \times B \times C (Gender \times Intelligence \times Socio-Economic Status) 226

Part B.6: Analysis of Scores of Satisfaction and Dissatisfaction with Student Activities Dimension 227-234

Main Effect: A: Gender 229
Main Effect: B: Intelligence 230
Main Effect: C: Socio-Economic Status 232
Two Order Interactions: A \times B (Gender \times Intelligence) 232
Two Order Interaction: A \times C (Gender \times Socio-Economic Status) 233
Two Order Interactions: B \times C (Intelligence \times Socio-Economic Status) 233
Three Order Interaction: A \times B \times C (Gender \times Intelligence \times Socio-Economic Status) 234

Part B.7: Analysis of Scores of Satisfaction and Dissatisfaction with Student Discipline Dimension 234-241

Main Effect: A: Gender 236
Main Effect: B: Intelligence 237
| Main Effect: C: Socio-Economic Status | 239 |
| Two Order Interaction: A × B (Gender × Intelligence) | 249 |
| Two Order Interaction: A × C (Gender × Socio-Economic Status) | 240 |
| Two Order Interactions: B × C (Intelligence × Socio-Economic Status) | 240 |
| Three Order Interaction: A × B × C (Gender × Intelligence × Socio-Economic Status) | 241 |

**Part B.8: Analysis of scores of Satisfaction and Dissatisfaction with Decision Making Opportunities Dimension**

| Main Effect: A: Gender | 243 |
| Main Effect: B: Intelligence | 244 |
| Main Effect: C: Socio-Economic Status | 246 |
| Two Order Interactions: A × B (Gender × Intelligence) | 247 |
| Two Order Interaction: A × C (Gender × Socio-Economic Status) | 247 |
| Two Order Interactions: B × C (Intelligence × Socio-Economic Status) | 248 |
| Three Order Interaction: A × B × C (Gender × Intelligence × Socio-Economic Status) | 248 |

**Part B.9: Analysis of scores of Satisfaction and Dissatisfaction with School Building, Supplies, Up-keep Dimension**

| Main Effect: A: Gender | 251 |
| Main Effect: B: Intelligence | 252 |
| Main Effect: C: Socio-Economic Status | 254 |
| Two Order Interactions: A × B (Gender × Intelligence) | 254 |
| Two Order Interaction: A × C (Gender × Socio-Economic Status) | 255 |
| Two Order Interactions: B × C (Intelligence × Socio-Economic Status) | 255 |
Three Order Interaction: A × B × C (Gender × Intelligence × Socio-
Economic Status)  256

Part B.10: Analysis of Scores of Satisfaction and Dissatisfaction
with Communication Dimension.  257-267

Main Effect: A: Gender  259
Main Effect: B: Intelligence  259
Main Effect: C: Socio-Economic Status  261
Two Order Interactions: A × B (Gender × Intelligence)  262
Two Order Interaction: A × C (Gender × Socio-Economic Status)  262
Two Order Interactions: B × C (Intelligence × Socio-Economic Status)  263
Three Order Interaction: A × B × C (Gender × Intelligence × Socio-
Economic Status)  263

Section – C: Summary of the Results  268-286

Section – A: Conclusions Based on Analysis of Scores of
Satisfaction and Dissatisfaction with School  268

Results Based on 2×3×3 ANOVA of Total Scores of Satisfaction and
Dissatisfaction in Relation to School Management, Intelligence and
Socio-Economic Status.  268

Results Based on Scores of Satisfaction and Dissatisfaction with
Teacher Dimension of Government and Private School Children in
Relation to their Intelligence and Socio-Economic Status.  269

Results Based on Scores of Satisfaction and Dissatisfaction with
Fellow Students of Government and Private School Children in
Relation to their Intelligence and Socio-Economic Status.  270
Results Based on Scores of Satisfaction and Dissatisfaction with Schoolwork Dimension of Government and Private School Children in Relation to their Intelligence and Socio-Economic Status.  

Results Based on Scores of Satisfaction and Dissatisfaction with Student's Activity Dimension of Government and Private School Children in Relation to their Intelligence and Socio-Economic Status.  

Results Based on Scores of Satisfaction and Dissatisfaction with Students Discipline Dimension of Government and Private School Children in Relation to their Intelligence and Socio-Economic Status.  

Results Based on Scores of Satisfaction and Dissatisfaction with Decision-Making Opportunity of Government and Private School Children in Relation to their Intelligence and Socio-Economic Status.  

Results Based on Scores of Satisfaction and Dissatisfaction with School Building, Supplies and Upkeep Dimension of Government and Private School Children in Relation to their Intelligence and Socio-Economic Status.  

Results Based on Scores of Satisfaction and Dissatisfaction with Communication Dimension of Government and Private School Children in Relation to their Intelligence and Socio-Economic Status.  

Section B: Conclusions Based on Analysis on Scores of Satisfaction and Dissatisfaction with School on The Basis of Gender  

Results based on Total scores of Satisfaction and Dissatisfaction among Boys and Girls of tenth grade in relation to their Intelligence and Socio-Economic Status  

Results Based on Scores of Teacher Dimension of Satisfaction and Dissatisfaction Among Boys and Girls of Tenth Grade in Relation to their Intelligence and Socio-Economic Status.
Table of Contents

Results Based on Scores of Satisfaction and Dissatisfaction Among Boys and Girls of Tenth Grade in Relation to their Intelligence and Socio-Economic Status on Fellow Students Dimension. 278

Results Based on Scores of Satisfaction and Dissatisfaction Among Boys and Girls of Tenth Grade in Relation to their Intelligence and Socio-Economic Status on Schoolwork Dimension. 279

Results Based on Scores of Satisfaction and Dissatisfaction Among Boys and Girls of Tenth Grade in Relation to their Intelligence and Socio-Economic Status on Students’ Activity Dimension. 280

Results Based on Scores of Satisfaction and Dissatisfaction Among Boys and Girls of Tenth Grade in Relation to their Intelligence and Socio-Economic Status Students’ Discipline Dimension. 281

Results Based on Scores of Satisfaction and Dissatisfaction Among Boys and Girls of Tenth Grade in Relation to their Intelligence and Socio-Economic Status on Decision Making Opportunity Dimension. 282

Results Based on Scores of School Building, Supplies and Upkeep Dimension of Satisfaction and Dissatisfaction Among Boys and Girls of Tenth Grade in Relation to their Intelligence and Socio-Economic Status. 284

Results Based on Scores of Satisfaction and Dissatisfaction Among Boys and Girls of Tenth Grade in Relation to their Intelligence and Socio-Economic Status on Communication Dimension. 285

Discussion of Results 287-294

Results of 2×3×3 ANOVA on Satisfaction and Dissatisfaction with School in Relation to School Management and their Intelligence and Socio-Economic Status. 287

Results of 2×3×3 ANOVA on Teacher Dimension of Satisfaction & Dissatisfaction with School in Relation to their Intelligence and Socio-Economic Status. 288
Table of Contents

Results of Section B: Results of 2x3x3 ANOVA on Satisfaction and Dissatisfaction with School in Relation to Gender (Boys and Girls) and their Intelligence and Socio-Economic Status. 292

Chapter –V: Summary and Conclusions 295-346

Introduction 295
Satisfaction and Dissatisfaction 298
Socio Economic Status 300
Intelligence 301
Statement of Problem 302
Objectives 302
Hypotheses 303
Delimitation of The Study 316
Method of Study 317
Tools Used for The Study 322
Procedure for The Study 322
Findings of The Study 326
Educational Implications of Research 345
Suggestions For Further Research 346

Bibliography 347-364
