ACKNOWLEDGEMENT

Words are often too weak to express one's inner feeling of indebtedness to one's benefactors. The same difficulty haunts me in penning down the deep sense of gratitude.

First of all, with all my humility and sincerity, I bow before the 'almighty' who put strength in me to do and to accomplish the research work successfully in so many adverse situations.

Next to God, I am highly obliged to express my sincere and profound gratitude to my guide Dr. Tripta Sharma, Principal, L.L.R.M College of Education, Dhudi-ke, Moga for the inspiring guidance, encouraging attitude and invaluable suggestions throughout this endeavor in the successful completion of this investigation. I consider myself fortunate enough to pursue this arduous research work under her able guidance.

My sincere thanks are also extended to the Principals of various schools for their kind help and co-operation in the collection of data for this study. My sincere gratitude to those authors whose works and names, I have quoted in and consulted for my thesis. I am equally thankful to the library personnel.

I specially express my feeling and sense of gratitude to my parents, who taught me to dream and to achieve, gave me roots of responsibility and wings of independence and my dear brother, my relatives and my friends who always helped to make this work fruitful one.

My vocabulary fails to express my gratitude to my life partner Dr. Ajay for his constant care, keen interest, persistent encouragement and untiring support throughout the period of research work.

Now I want to thank my little angel Hardik who has given support not with the words but with his smiles and affectionate actions, every time and every moment without understanding the importance of this work.

In spite of the best efforts, ventures of this kind are not likely to be free from human errors, some inaccuracies, ambiguities and typographic mistakes. I am responsible for any remaining error.
