List of Tables

Table 1.1  Characteristics of Traditional/ grammar and communication based method.

Table 2.1  Schools for sample.

Table 2.2  Breakup of the ninth-class population of the selected schools on the basis of SPM and GEFT scores.

Table 2.3  Presentation of procedure of the Experiment

Table 3.1  Three stages of writing process

Table 3.2  Procedural steps of grammar based and communication based methods of teaching writing skills.

Table 3.3  Techniques employed to structure the learning environment.

Table 3.4  Unit wise break up of Instructional material.

Table 3.5  Objectives of teaching (Unit wise).

Table 3.6  Question wise analysis of the test of writing skills in English part A

Table 3.7  Question wise analysis of the test of writing skills in English part B
Table 3.8  Scoring key and marking scheme for part A of test on writing skills

Table 3.9  Criteria for evaluating part B of the test

Table 3.10  Difficulty value (D.V.) and Discriminating power (D.P.) of the first Draft of test on writing skills

Table 3.11  Criteria for selection of items of Test

Table 3.12  Distribution of Discriminating power of the items of first draft

Table 4.1  Total Number of students

Table 4.2  Summary of ANOVA (3x2x2) involving Instructional methods, Cognitive style and Intelligence on writing skills test score

Table 4.3  Mean, Standard Deviations on writing skill test scores obtained by grammar based method, communication based method and traditional method

Table 4.4  Mean difference of grammar Vs control and communication Vs control method

Table 4.5  Mean difference of communication Vs grammar method
