Gratitude is the memory of the heart

ACKNOWLEDGMENTS

I have worked with a great number of people whose contribution in assorted ways to the research and the making of the thesis deserved special mention. It is a pleasure to convey my gratitude to them all in my humble acknowledgment.

First and foremost I offer my sincere gratitude to my supervisor, Dr. M.B. Shivanna, Professor, Department of Applied Botany, Kuvempu University who has supported me throughout my doctoral degree with his patience and knowledge. I thank him for encouragement and effort and without him this thesis, too, would not have been completed or written. One simply could not wish for a better or friendlier supervisor.
